WILSON AND MARSHALL GET ENORMOUS ELECTORAL VOTE

Library of Congress

Total Number, With a Few of the States Doubtful, Nears 400 Mark.

COL. ROOSEVELT RECEIVES 89

Taft Gets But 12—Interest in Popular Vote and Complexion of Congress.—Woman Suffrage—Numerous Surprises.

New York, Nov. 6.—Only the uncertainty of a few close States whose electoral vote in no way can affect the election of Wilson and Marshall; speculation over the popular vote of the three Presidential candidates and the complexion of the Legislatures that will name United States Senators held interest tonight in the final returns of yesterday's general election.

The total of the Republican electoral column apparently was fixed at the 12 votes of Idaho, Utah and Vermont, but the footing of the Wilson and Roosevelt columns flickered alternately during the afternoon and night as late returns from Iowa, Kansas, Minnesota, South Dakota and Wyoming placed in the doubtful column. President-elect Wilson had 387 certain votes in the electoral college; Colonel Roosevelt 89 and President Taft 12.

All of the doubtful States, except South Dakota, gave more or less certain indications during the night of landing in the list of Wilson electoral votes, while South Dakota's returns showed a general trend toward a Roosevelt plurality.

A bi-phase of the general election that became known today was the success of the woman's suffrage movement in four of the five States where constitutional amendments were submitted to the people. The victory of the women was complete in Kansas, Arizona and Michigan; late returns from Oregon indicated they had succeeded there also, while from Wisconsin came returns showing the decisive defeat of the proposal.

Estimates of the popular vote polled by Governor Wilson ranged through many millions during the day. It was found impossible to compute with any accuracy the popular vote of any of the Presidential candidates and it will be a number of days until the counting of the three-cornered contest in the different States is concluded and an accurate tabulation of the popular vote made possible.

Assertions were made today from several quarters where an effort had been made to gather preliminary popular vote figures, that Governor Wilson had not polled a majority of the votes cast throughout the country. Estimates ranged from a small majority of all votes, to figures nearly one million below a majority. The popular votes, however, would in no way affect his election or his complete control of the electoral college should it show his total to be less than that of the combined vote for Roosevelt and Taft.

There were many surprises throughout the day and night. Early in the day New Hampshire, first credited to Taft, went definitely into the Wilson column, with a majority of about 1,500 for the Democratic candidate. Returns from Idaho, which came in scattering from early in the day, favored Wilson so strongly as to create the belief that it would give him its electoral vote, but late returns made it the third State to go certainly for President Taft.

The Roosevelt forces, watching the returns hourly as they came from Illinois, suffered a scare as the down-State Democratic districts reduced Col. Roosevelt's plurality from Cook county until it promised to disappear. Late in the day a complete report from Cook county swelled the Roosevelt majority and seemingly made certain the control of Illinois' 29 votes by the Progressive candidate.

Kansas, which had been conceded to Roosevelt by all interests on the preliminary returns last night, gradually slipped back during the day until it had become a question tonight whether Wilson or Roosevelt would control its 10 votes.

Governor Wilson had the better of the situation in Iowa and Minnesota, where the counting still was in progress tonight, with but a narrow margin between the candidates; while South Dakota, still a doubtful State, apparently turned toward Roosevelt on the later returns.

Whether the Democrats, in the widespread victories of Tuesday have secured control also of the United States Senate is a question that will not be settled for a day or two. In many States where counting still was going on tonight the control of the Legislatures is in doubt.

Pennsylvania.

Philadelphia, Nov. 6.—Returns from more than five-sixth of all the election districts in Pennsylvania give Roosevelt 28,073 plurality over Wilson. The missing districts are expected to slightly increase his plurality. The vote counted was:

Roosevelt 384,384.
Wilson 356,311.
Taft 255,331.

Taft carried Philadelphia by 10,575 over Roosevelt, but in the State outside of Philadelphia Wilson ran second and Taft was more than 100,000 behind the President-elect.

The Socialist vote showed a large increase. Four Republican candidates for Congressmen at large seem to be elected.

Complete unofficial returns from the 18th Pennsylvania district show that Aaron Skreider, Republican, has been elected in that district by a plurality of 163. Earlier returns indicated the election of D. L. Kaufman, Democrat.

Practically complete returns from the 19th Pennsylvania Congressional district show the election of Warren Worth Bailey, Democrat. Earlier figures gave the district to L. A. Brau, (Washington.)

New York.

New York, Nov. 6.—A Wilson plurality of practically an even 200,000 votes over Taft, a Taft lead of 60,000 over Roosevelt and a similar alignment of parties in the gubernatorial vote is the result of yesterday's election in New York State so far as confirmed by nearly complete returns at 9 o'clock tonight.

The Democratic Presidential plurality is the largest New York State has ever given that party and it is the first time the voters outside of the metropolitan district have given a Democratic Presidential candidate a plurality.

The totals tonight are as follows: For President Wilson 648,066; Taft 477,274; Roosevelt 381,500. Wilson's plurality 200,792.

For Governor: William Sulzer, Democrat, 649,806; Job E. Hedges, Republican, 444,682; Oscar Straus, Progressive, 391,663. Sulzer's plurality 205,124.

New York City's Wilson plurality over Roosevelt, who was second in the city, was 124,688.

On the general wave of Democratic success the party appears to have won the most substantial control it ever had of the State Legislature and the State delegation in the National House of Representatives. Of the 43 New York Congressmen, 31 Democrats and 12 Republicans appear to be elected.

Arkansas.

Topeka, Kan., Nov. 6.—Practically complete returns from 63 of the 105 counties in Kansas gave the Democratic National ticket a plurality of 10,000. The State Democratic ticket also made big gains in the returns received tonight and George H. Hodges, Democratic candidate for Governor, had a lead of 2,500 over Arthur Capper, Republican.

Western States

San Francisco, Nov. 6.—Estimated, the total vote of the Western States, based on returns at 7 P. M., tonight follows:

Idaho—Taft, 40,000; Wilson, 33,000; Roosevelt, 28,000; Debs, 6,000; Chafin, 3,500.

California—Wilson, 332,250; Roosevelt, 319,415; Debs, 83,770; Chafin, 18,240; Taft, 3,085.

Arizona—Wilson, 16,465; Roosevelt, 11,335; Taft, 4,755; Debs, 2,180; Chafin, eighty-four.

Nevada—Wilson, 8,854; Roosevelt, 6,112; Debs, 4,195; Taft, 3,705.

Oregon—Wilson, 28,480; Roosevelt, 22,020; Taft, 22,490.

Washington—Wilson, 94,130; Roosevelt, 126,265; Taft, 75,145.

Utah—Taft, 40,000; Wilson, 35,000; Roosevelt, 13,000; Debs, 7,000.

Montana—Wilson, 44,920; Roosevelt, 22,540; Taft, 27,760.

Michigan

Detroit, Mich., Nov. 6.—Figures on the result of yesterday's election in Michigan were so indefinite tonight that a close estimate of pluralities was

WILSON AND MARSHALL

Democratic Hosts Have Practically Secured Control of the Senate.

GAIN 50 MEMBERS IN HOUSE

Early Returns Give Democrats 283 Members, Republicans 111, and Progressives 14—No Reports From 26 Districts

Washington, Nov. 6.—Fairly definite returns from State legislative elections tonight seem to show that the Democratic hosts are moving on toward control of the Senate, although that was not established as a certainty. The returns from Colorado added two more Senators to the certainties in the Democratic column and those from Nevada and Montana seemed to favor two more. These added to the 43 others holding over already elected or assured of election brought the Democratic forces up to 47, within two of control.

Nine States, which up to midnight had not indicated which party would control their Legislatures, made Democratic leaders sanguine that the necessary other two would be secured when returns were complete. These States are Kansas, Oregon, West Virginia, Wyoming, Tennessee, New Hampshire, Illinois, Iowa and South Dakota.

Later returns did not diminish the heavy Democratic majority in the House of Representatives, but they did play see-saw with "Uncle Joe" Cannon and finally left him defeated by a majority of 600.

Gillette, of Massachusetts, probably will succeed to Cannon's position of senior Republican member on the Appropriations Committee.

The Way the House Stands

Democrats, 283.
Republicans, 111.
Progressives, 14.
Districts unreported, 25.
Total membership, 435.

The foregoing showed the standing at 8 o'clock tonight of the House of Representatives in the 63rd (new) Congress. The total of 283 gave the Democrats 61 more than the 218 necessary for a majority and 49 more than the Democratic membership in the 62nd Congress.

Returns up to 8 P. M. indicate that the political complexion of the House of Representatives of the 63rd Congress will be as follows:

Alabama,—Membership, 10; Democrat, 10.

Arizona—Membership, 1; Democrat, one.

Arkansas—membership, 7; Democrat, 7.

GOSSIP ON WILSON'S CABINET

Many Prominent Democrats Mentioned as Possible Selections of the New President—Bryan Likely to Get a Place

Washington, Nov. 6.—Cabinet makers already are busy conjuring with names of those who will share with Wilson in shaping the policy of the

(Continued on Page Two.)

OUTLINES

Many prominent Democrats were mentioned yesterday as possible selections of Gov. Wilson for his cabinet.

President-elect Wilson yesterday issued an official statement in which he declared the honest business interests of the country need have no fear of the Democratic administration.

Based on returns from practically all the States last night the electoral vote received by Wilson was 387, Roosevelt 89 and Taft 12. Iowa, Kansas, Minnesota, Wyoming and South Dakota were still doubtful, with Wilson and Roosevelt running close and Wilson leading in all but South Dakota, where Roosevelt was slightly ahead.

Returns up to midnight seemed to show that the Democratic hosts were moving on towards control of the Senate. Although not established as a certainty, control was practically assured. In the House of Representatives they made phenomenal gains, at least 50 new members being Democrats.

President Taft took his defeat philosphically and yesterday planned ways and means for keeping the Republican organization together.

Joe Neal, yesterday shot his friend, William Fortescue, ae Belhaven, N. C., and after mortally wounding him got out his double-barreled shotgun and blew his own head off.

Returns this morning from Kansas indicated the triumph of the Democratic National ticket by a plurality of 10,000.

WILSON ISSUES STATEMENT

President-elect Declares There Is Nothing for Honest Business Men to Fear—Answers Congratulatory Telegrams

Princeton, N. J., Nov. 6.—President-elect Woodrow Wilson turned away from an avalanche of telegrams and messages of congratulation for two hours today and went off for a brisk walk. For five miles he walked, swinging a heavy black cane, which came to grief on the fourth mile when Capt. "Bill" McDonald, Texas ranger, and bodyguard, tried to kill a rattesnake.

The Governor spied the snake curling through the leaves and pointed it out to the captain, who borrowed the Governor's cane and killed it, but in doing so, broke the cane. The Governor's walk exhilirated him, he said. The strain of the campaign and the excitement of election day had kept him pretty much in doors of late. It was with long stride and vigorous swing that he set out from his home and on through the university campus to the wooded stretches of country to the south of Princeton.

The President-elect stopped at University field and saw the 'Varsity eleven go through "secret practice."

As he sat with Capt. McDonald in the empty grandstand, three of the football coaches came over to congratulate him. They were Ross McClave, "Beef" Wheeler and John Poe, famous Princeton stars of years ago.

As Governor Wilson sauntered into the open country he seemed for the first time to relax from the strain of the last few days. Obviously he was happy. He swished his way through the sea of Autumn tinted leaves. He jested with the correspondents and moving along merrily as if it were the happiest day of his life.

Professors and their wives waylaid him as he turned his steps through the town and congratulated him.

Many little children came running to meet him. He stopped and shook hands with the little folks as well as their elders. It was sundown when he reached his home. There he received the correspondents in his study. "I'm afraid there is not going to be much news nowadays," he said, but one of the reporters remarked that some newspapers already were publishing the probable personnel of his cabinet.

"Then I guess I had better not read the newspapers," he said laughingly, "so as not to prejudice my mind."

He was asked if he had any other statement to make about his election.

"I am done with statements," he said with a smile. "Now I'm going to do a lot of thinking, not that I haven't done some already, but there will be a better opportunity now to think out the solution to problems that are to be met."

The Governor was interested in the returns of the Gubernatorial feature of the State.

"Capt. McDonald," he remarked, "seemed to be provoked because some people in Texas did not vote for me."

The captain said the only thing wrong with the vote from Texas was that "it should have been unanimous."

Princeton, N. J., Nov. 6.—President-elect Wilson sent replies today to the congratulatory telegrams of President Taft and Colonel Roosevelt and issued a statement in which he declared that "there is absolutely nothing for the honest and enlightened business men of the country to fear" from the Democratic administration."

To President Taft Mr. Wilson sent the following telegram:

"I warmly appreciate your kind message and wish to express my sincere personal regards."

To Colonel Roosevelt, Mr. Wilson sent the following telegram:

"My sincerest thanks for your kind message. Pray accept my cordial good wishes."

Mr. Wilson made this official statement today:

"The result fills me with the hope that the thoughtful progressive forces of the Nation may now at last unite to give the country freedom of enterprise and a government released from all corporate and private influences devoted to justice and progress. There is absolutely nothing for the honest and enlightened business men to fear. No man whose business is conducted without violations of the rights of free competition and without such private understanding and secret alliances as violate the principle of our law and the policy of all wholesome commerce and enterprise, need fear either interference or embarrassment from the administration. Our hope and purpose is now to bring all the forces of the Nation into active and intelligent cooperation and to give to our prosperity a freshness and spirit and confidence such as it has not had in our time.

"The responsibilities of the task are tremendous, but they are common responsibilities, which all leaders of action and opinion must share. And with the confidence of the people behind us, everything that is right is possible. My own ambition will be more than satisfied if I may be permitted to be the frank spokesman of the Nation's thoughtful purposes in these great matters."

Sergio Osmena, Speaker of the Philippine Assembly, today sent this cablegram to the President-elect:

"The Philippine Assembly has unanimously and heartily adopted today a resolution conveying you its congratulations as well as those of the Philippine people, upon your success in the election for the office of President of the United States and expressing its hope and confidence that your administration will redeem the pledge of the American people to recognize Philippine independence, in accordance with the reiterated petition of the Philippine Assembly."

BIG STEAMER AGROUND.

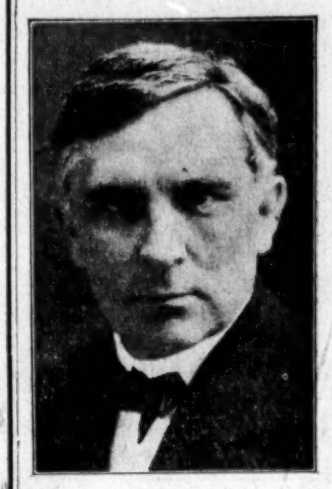
Royal George With 901 Passengers Aboard, Strikes Rocks.

Quebec, Nov. 6.—The Canadian Northern Royal Mail steamer Royal George, with 901 passengers on board, grounded on rocks during a fog in the St. Lawrence river early tonight, and is reported to be in a serious plight.

The vessel went aground about one mile east of Point St. Laurent Island of Orleans, 10 miles below Quebec. The wrecking steamer Lord Strathcona and two tugs have been sent to the Royal George's aid.

The Royal George left Grosse Isle quarantine station for Quebec shortly after 4 o'clock this afternoon. She was said to be going at full speed at the time she met with the accident. She was on her way from Avonmouth, England, and was due in Montreal tomorrow. The steamer is in a position difficult of access and news of developments is slow in reaching shore.

GREAT VICTORY IN NORTH CAROLINA



HON. LOCKE CRAIG.

Only Question of Majorities for Knightly Craig and Simmons

A MONSTER DEMONSTRATION

Planned at Asheville for Senator and Governor—Buncombe's Majority—Reports From the State

(Special Star Telegram.)

Asheville, N. C., Nov 6—Democrats here, the home of Craig, are planning a big ratification meeting and torchlight procession for next Tuesday night. Governor-elect Craig has telegraphed Senator Simmons asking him to attend, and there will be a big time generally.

Buncombe on the final returns has given Simmons a majority of 1,600 or more and Simmons leaders here hope to be able to tell the Senator that Buncombe did better by him than any other county in the State. The county ticket was elected by an average of about 1,300, the lowest being State Senator Weaver, 1,100, running to 1,500. Gudger claims 2,400 over Staton, more than twice the majority over Grant. Returns are incomplete in the gubernatorial race but Craig ran well with the ticket. Meares and Settle are about even.

Overwhelming in State.

Raleigh, N. C. Nov. 6.—Democratic State Chairman Charles A. Webb says incomplete returns indicate that Craig's majority over Settle and Meares for Governor is 60,000 and that his plurality over Meares is 100,000 and over Settle 120,000. He is assured of the election of 46 State Senators and 106 members of the lower House. An overwhelming majority of the Legislature and all ten Democratic Congressmen are re-elected.

Raleigh, N. C., Nov. 6.—That the usual Democratic majority of from 60,000 to 75,000 in North Carolina is assured; that Roosevelt has run two to one over Taft, and that Senator Simmons has been re-elected by a majority of 20,000, are the inferences from incomplete returns received from 75 out of 100 counties. Figures of the Presidential and gubernatorial races are not available. All ten Congressional districts are Democratic.

The Senatorial Race

Raleigh, N. C., Nov. 6.—Estimates based on the latest returns from the Senatorial primary in the State tonight give Senator F. M. Simmons a majority of 24,094 over both Governor Kitchin and Chief Justice Clark, indications being that the vote is something like 70,000 for Simmons, 37,000 for Kitchin and 11,131 for Clark. Simmons has carried, by majorities over both opponents, the Third Congressional district by 5,000, the Fourth by 4,000, the Sixth by 5,000, the Seventh by 4,500, Eighth by 4,500, Ninth by 5,000 and Tenth by 7,000. In the First, Kitchin and Clark have 500 majority over Simmons, in the Second, 1,500 over Simmons and in the Fifth the Kitchin-Clark majority over Simmons is 6,000.

Governor Kitchin has certainly carried 19 counties and Judge Clark received a majority in one county, Union. His vote in his home county, Wake, was considerably larger than expected.

Furthermore, Wake gave Simmons a majority of 300 when Kitchin was expected to carry Wake by that much, Simmons receiving 1,785, Kitchin 1,485 and Clark 802.

In Beaufort County

Washington, N. C., Nov. 6.—Beaufort county election returns not yet all in. All but two precincts heard from give Wilson 900 majority over Taft and Roosevelt both together. Craig 1,100 majority over Settle and Meares. Senatorial vote, Simmons 960, Kitchin 425, Clark 350. A light vote was polled throughout the county.

Sampson's Majority

Clinton, N. C., Nov. 6.—The official count will scarcely change the estimate of 1,200 Republican majority in Sampson as reported last night. It appears that Geo. L. Peterson and O. A. Barberous, Democrats, of this Senatorial district, embracing the counties of Sampson, Johnston and Harnett and Lee, are elected by from 300 to 400 majority.

Simmons has a majority of about 700 in Sampson.

From Lenoir County

Kinston, N. C., Nov. 6.—Official returns from all of the 13 precincts in Lenoir county show Simmons received a majority of 473 over his opponents. The combined vote for United States Senator at the final count stood, Simmons 1,124, Kitchin 576, Clark 75. The incumbent led in every precinct in the county. Not a single official report other than the Senatorial primary figures from the 11 county precincts of the county is yet available and it will be tomorrow before the vote for National, State, Congressional, State Senatorial and county tickets will be known. Two of the three Republican precincts returned to the Democratic column this time and is believed that a majority over the opposition combined will be 1,250 ,an increase over first estimate.

Returns From Robeson

Lumberton, N. C., Nov. 6.—Seventeen out of twenty-three precincts in the county heard from indicate that the Democratic majority for National,

State and county ticket will be 2,000 to 2,500. One of the most exciting races in the contest was for township constable in which Winifred Whaley defeated Aytch Floyd and Tom Tolar by a large majority.

Kitchin Carries Orange

Chapel Hill, N. C., Nov. 6.—The Kitchin manager for Orange county announces the following vote in the Senatorial primary here Tuesday: Kitchin 666, Simmons 209, Clark 123. On the National ticket, the county is safely Democratic.

From Senatorial Managers.

Raleigh, N. C., Nov. 6.—United States Senator Simmons said today of the result of the Senatorial primary in which he seems to have won renomination in a landslide vote that may round up 25,000 to 30,000 majority: "I am delighted at the manifestation of confidence on the part of the people of the State as so overwhelmingly expressed. And I am deeply grateful for the hearty expressions that are pouring in through congratulatory telegrams. My majority is certainly 20,000 and may reach 30,000."

Manager Frank McNinch, of Governor Kitchin's campaign, said today: "I am surprised and greatly disappointed at the result of the Senatorial primary. And, while we lost, I want to thank our managers and friends for their loyal support and help in the campaign." Governor Kitchin spent some time in the Kitchin headquarters today. He declined to be interviewed.

Manager Walter Clark, Jr., of the campaign of Chief Justice Clark, was at the Clark headquarters, but insisted that neither he nor his father would be interviewed and that they had absolutely nothing to say.

Republicans Dead

Asheville, N. C., Nov. 6.—Because of its failure to poll 50,000 votes in yesterday's gubernatorial election, the Republican party in North Carolina is "officially dead," according to statements made by local lawyers tonight. They state that a law on the statute books of the State bars from recognition in the administration of the election laws any political organization which did not poll 50,000 votes in the previous election. Hon. Thomas Settle, the gubernatorial nominee of the Taft party, received less than 35,000 votes and it is doubtful if Iredell Meares, the Progressive nominee polled 50,000.

MR. MEARES CONGRATULATED.

His Wilmington Friends Gratified at the Vote He Received Tuesday.

Iredell Meares, Esq., a prominent member of the Wilmington bar and one of the best known citizens of the city, was heartily congratulated yesterday by many Wilmingtonians without regard to party affiliation on the fine showing he made in Tuesday's general election as the Progressive candidate for Governor. In the telegraph columns of yesterday's Star it was stated that Mr. Meares had received an estimated vote of 50,000 in the State against 30,000 for Tom Settle, the candidate of the regular Republican party. Wilmingtonians read this bit of news with much pleasure and when Mr. Meares came down later in the day he was most warmly congratulated. Tom Settle, admittedly one of the State's most brilliant men, a speaker whose equal is hard to find, expected to get a tremendous vote all over the State on account of his local option plank in his platform, but the returns show most conclusively that the people did not take kindly to his proposition.

The next day after he was nominated Iredell Meares, Esq., came out strongly against local option so far as the whiskey question is concerned and he has been against it all the while. There is little doubt but that the brilliant Tom Settle is the greatest disappointed of the several candidates who were defeated at the polls Tuesday. It might be said that many of his friends in this county were also disappointed for not a few men, some of them Democrats, who voted the straight Democratic ticket, had boasted that he would receive 400 or 500 votes in New Hanover and several months ago a leading local Democrat predicted that if Settle was nominated by his party he would certainly make it interesting for Craig. The result tells an entirely different tale.

DAVIDSON JUBILANT.

President Wilson's Alma Mater Proud of His Election.

(Special Star Telegram.)

Davidson, N. C., Nov. 6.—Davidson celebrates Tuesday's victory with great enthusiasm and a holiday today. In anticipation of the election returns after a mass meeting of the student body yesterday, met last night in Shearer Hall. The meeting was characterized by great bursts of enthusiasm, songs and yells of Wilson's alma mater as the news of one of Davidson's son's success was brought in bit by bit. The meeting started at 8:30 with about 250 boys in attendance and continued until 3 A. M., which hour found 100 still listening eagerly for the slightest sign of Wilson's success in spite of the hard day's work just behind them at 3 o'clock, when they found that Wilson's election was assured they adjourned to the dormitories to awaken their less enthusiastic schoolmates and impart to them the glad news. The school bell rang for one hour, guns were fired and torch lights brought into evidence. President Martin proclaimed today a holiday and at an early hour this morning the jubilant boys turned in to get what little rest they could. Today every exercise including Chapel lectures, recitations, and laboratory work were suspended and the great enthusiasm has continued. The morning train was besieged for copies of the morning papers and congratulations were sent to President Wilson. Tonight there was another mass meeting after which there was a celebration as only college boys know how to give.

Indians Will Try New Tricks—Navy Team Is Improving

(From the Baltimore Sun.)

Because of the Carlisle Indian reserve game at Latrobe, Pa., yesterday, the varsity Indian team was not given the usual Tuesday scrimmage. Coach Warner fully appreciates the hard task that will fall to the Indians' lot on Saturday, when they play the United States Military Academy eleven at West Point. He has prepared several spectacular football evolutions for the delectation of the generals, which will provide ample opportunity for the Indian line players to shine.

These plays were run over yesterday afternoon. Probably the forward pass, which was given close attention, will be used against West Point, and there is sure to be more kicking than usual in the Army game.

Distinct improvement in the offensive game was indicated by the Naval Academy football team yesterday afternoon, the first eleven scoring against the strong scrub team repeatedly by means of a series of gains by use of a good variety of cleanly executed plays. The backfield was again rearranged, Leonard, the lightset man on the squad but the cleverest end runner, being placed at halfback. Leonard weighs only 142 pounds, but he has much ability as a halfback and is the best punter on the squad. This fact is a strong argument in favor of placing him on the team.

Captain Rodes was again at quarterback and handled the team with excellent judgment, his presence appearing to steady the other players. Rodes also carried the ball well throughout the afternoon. Failing was at the other halfback and Harrison at fullback. Both are big fellows, Failing weighing 185 pounds and Harrison 180.

The regulars scored several times on a series of line plays and end runs. Previous to the second touchdown, the ball was carried from the centerfield to goal line in six plays, two fine runs of Leonard making up nearly 40 yards of the distance.

Several other players were given a chance in the signal work, but were not put in the scrimmage owing to minor injuries. Ingram worked out for a while at halfback, and McReavy was placed on left end, though Graf held the position during the line-up.

KINSTON NEWS NOTES.

Negro Robbed of $120—Fish Story—Colored Man Arrested.

(Special Star Correspondence.)

Kinston, N. C., Nov. 6.—Robert Lehart, a LaGrange negro, was robbed of $120 in this city yesterday. Lehart came to Kinston to sell tobacco, and after having cashed the check he received in payment for his product, proceeded to celebrate in a style consistent with his heavy purse. He indulged in several little luxuries, including a joy ride, and missed his pocketbook in a refreshment parlor. He is confident that it was "lifted", but has no clue by which his money can be traced.

A peculiar fish story comes to this city from Onslow county, and is vouched for by reliable people. When the wife of J. B. Kellum, a prosperous farmer of the Northeast section, cut the head off a trout which had been purchased in the market at Jacksonville, she found a pocket knife inside the fish. The knife was a two-bladed one, and the large blade was open. The trout came from New river, and was a medium-sized one. The appearance of the knife in its gullet is inexplicable, and how it lived after swallowing it is still more puzzling.

Jot Pittman, colored, was arrested by the police here for the authorities in Spring Hope. Pittman, who is a resident of Kinston, is charged with selling whiskey in the Nash county town. He claims that he was arrested after having aroused the ire of envious gambling associates, and that he is innocent of the charge of retailing. Pittman was taken to Spring Hope by an officer of that place.

Lenoir Superior Court will be convened here in the morning, for a two weeks' civil session. Judge Carter will preside. This court, which was to have begun Monday, was postponed until after election.

BRITISHER IN DARDANELLES.

English Cruiser Arrives to Protect Foreign Residents.

Constantinople, Nov. 5, 7 P. M.—The British cruiser Weymouth entered the Dardanelles today and will arrive in the Bosphorus some time tonight. She is the first foreign war vessel to reach Constantinople for the protection of foreign residents. French and Russian warships are expected to arrive tomorrow.

No important news has reached here from the seat of war in the Eastern Turkish provinces and none at all in regard to the operations around Scutari, Janina, Monasti and Saloniki.

The Turks are pouring troops into the forts along the Tchatalja line where they are preparing for a renewal of the struggle against the Bulgarians.

The weather is very cold. Rain is falling on the plains, while it is snowing in the mountains and this renders the movements of both armies very difficult.

Paris, Nov. 5.—The Turkish ambassador, Rifaat Pasha, presented to Premier Poincare this evening the request of the Turkish government for mediation and the Foreign Office immediately took steps to acquaint the other powers with the Ottoman proposal. The Turkish note says:

"The Ottoman government requests the great powers to undertake collective mediation with a view to the immediate cessation of hostilities and the determination of the conditions of peace."

Before undertaking to act M. Poincare emphasized that it must be clearly understood that all idea of exercising pressure was excluded and that the powers could not undertake the task unless all the belligerents were agreeable.

GOSSIP ON WILSON'S CABINET

(Continued from Page One.)

next administration. Necessarily this is purely gossip, but the cabinet builders are none the less active in pointing out the persons and the elements available as cabinet material.

One of the available elements embraces those who were conspicuous party figures at the Baltimore convention, including Speaker Clark, Chairman Underwood, of the Ways and Means Committee; William J. Bryan, Governor Foss, of Massachusetts; Governor Harmon, of Ohio, and some others. It is generally assumed ,however, that Speaker Clark and Chairman Underwood would prefer to continue their work in Congress, especially now that the legislative programme on the tariff and other questions is likely to meet with fewer obstacles. As to Mr. Bryan, one of the Democratic Senators was quoted during the campaign as definitely assigning Mr. Bryan to a cabinet place in case of Wilson's election, although the latter stated about the same time that no consideration had been given to the personnel of the cabinet.

Another element from which cabinet material is being suggested embraces those who have been prominently identified with the Wilson campaign, notably Chairman McCombs, of the Democratic National Committee; Representatives Burleson and Henry ,of Texas; Representative Palmer, of Pennsylvania; Assistant Chairman McAdoo and a number of others who bore the brunt of the conflict at Baltimore during the campaign.

Still another available element is made up of prominent party figures in the various States who were not conspicuously identified with the recent National convention and campaign, while another includes some of the veterans of the last Democratic administration.

Outside of these usual elements from which cabinets are constructed, many foresee the entry of a considerable new element in public affairs, made up of men like Mr. Wilson who have been identified with collegiate, educational and the economic study of public questions. This opens a wide field of available material. All of this activity of the cabinet makers is necessarily confined as yet to gossip. Nothing authoritatively is expected until the President has in his own way made an investigation and given consideration to those who will make up his official household.

AGRICULTURAL WORKERS.

Fourteenth Annual Convention in Raleigh, N. C., This Week.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 6.—The 14th annual convention of the Association of Southern Agricultural Workers will be convened in Representatives Hall, in the State House tomorrow, Thursday and continued through Saturday. The membership is composed of commissioners of agriculture of the Southern States and the workers in the departments of agriculture and other agricultural workers. Major W. A. Graham, commissioner of agriculture for North Carolina, is president, and Dr. B. W. Kilgore, State chemist for North Carolina, is secretary. Governor Kitchin will welcome the visitors to the State and to Raleigh and Dr. W. M. Riggs, president of Clemson College, will respond. Some of the more notable topics that will be considered during the sessions will be "A Wiser Handling of the Cotton Crop"; "A Campaign for the Eradication of Hog Cholera"; "Agricultural Co-operation and Agricultural Credit." The latter topics wil be treated by J. W. Bailey, of Raleigh, Editor Clarence Poe, of the Progressive Farmer, and Mr. J. L. Coulter, of Washington, D. C. There will be separate sessions of the different sections of the convention that include section of commissioners of agriculture, section of animal husbandry and live stock problems, and section on field crops and fertilizers.

GIVE BOUT TO MANDOT.

Two Papers Pick Him and One Calls Bout a Draw.

New Orleans, Nov. 5.—Wagers on the Wolgast-Mandot fight here last night were decided today by opinion expressed by the sport writers of the four local newspapers, in favor of the backers of Mandot.

The fight according to agreement was without a referee's decision and the wagers, running into several thousands of dollars, were based on the newspaper men's decisions.

Two papers gave the fight to Mandot and one called it a draw. The opinion of the fourth will not be known until this afternoon, but even should it be for Wolgast, the three opinions already made public, counting the draw as a half vote, as is the custom, give the bout to the local boy.

Ed W. Smith, of Chicago, who refereed the fight, said that Mandot had a "narrow escape" in the third round; that "he weathered the next rounds up to the sixth"; that his clean work from that to the middle of the seventh evened the fight, and that "he undoubtedly had a clean shade during the last two rounds and a half," and "must be considered a strong contender for Wolgast's title."

Ad Wolgast wired Manager McCarey, of the Vernon Club, of Los Angeles, that he would be in Los Angeles Sunday to talk business. McCarey will endeavor to match the winner of the Rivers-Mandot fight on Thanksgiving with the champion for a 20-round fight.

In his telegram today Wolgast said: "I had no trouble with Mandot, but they don't seem to like my style down here."

"'I have, brother,' he replied, a little bitterly. 'Time and again I have prayed to the Lord that I might see His hand in it—but every time I looked up all I could see was the big paw of that presiding elder.'"

A French newspaper refers to the members of the Stock Exchange singing "God Shave the King." "We must protest against this total misrepresentation of our national aspirations," observes Punch.

To Remove Sallowness, Blotches or Wrinkles

(From Family Physician.)

Do you realize that just beneath that coarse, muddy or discolored complexion there's an exquisitely beautiful skin of youthful tint and delicacy? If you could only bring this complexion to the surface, discharding the old one! You can—in the easiest, simplest, most natural manner imaginable. Just get an ounce of ordinary mercolized wax at any drug store, apply nightly like cold cream, removing it mornings with warm water. The wax assists Nature by gradually taking off the lingering particles of dead and half-dead surface skin, causing no discomfort whatever. Ordinarily it takes from a week to ten days to complete the transformation. Cutaneous defects like pimples, blotches, liver spots, moth patches, freckles, of course disappear with the old skin. Nothing else that I know of will accomplish such wonderful results in so short a time.

Fine lines and even the deeper wrinkles often appear at an early age. In such cases nothing is better than a face bath made by dissolving 1 oz. powdered saxolite in 1-2 pt. witch hazel. This is remarkably effective.

The car that conquers every territory it enters is the car to tie to

K-r-i-t cars have already conquered in many sections. They have never yet failed in profit to the dealer, and satisfaction to the buyer.

Increased production now enables us to bring them to you.

Here, therefore, is the opportunity for dealer and buyer alike—a car of medium price that offers such value and service that it has made a clean sweep.

One of the explanations of K-r-i-t value is—that all the essential parts are made within the K-r-i-t organization; the money is put into the car itself and not in useless equipment.

Dealers who know the K-r-i-t, know that the best part of the K-r-i-t profit lies in its character—which makes it a successful car next year as well as this year because the K-r-i-t reputation rolls up the sales. Moreover they know that K-r-i-t service means that the K-r-i-t Motor Car Company stands back of every car—that a written guarantee for a year goes with each car.

The dealer knows also that when he is offering the K-r-i-t he is offering his client a full $900 worth in power, speed, ease in riding, room, comfort, and reliability—more in fact, for that sum than he could ever offer before.

Therefore, the Dealer who ties up with the K-r-i-t will be scoring, like others before him, the biggest business stroke of his career. He will be tying to a car that will sweep through his territory just as it has triumphed elsewhere.

If you understand the technical side of an automobile, bear in mind that the K-r-i-t motor, clutch and transmission are a unit.

That means conservation of power, getting as near as possible 100-per cent efficiency. And speaking of power, don't forget that while the K-r-i-t is medium in price, it is full powered, staunch and husky, equal to any work.

K-r-i-t models are finished in black and nickel and with 56 or 60-inch tread as desired. Their equipment is complete.

An electric lighting system including five lamps, and 100-hour storage battery is added to each car for $10 extra.

NEWS AT TRINITY

First Basketball Game—Other News Of the Campus

(Special Star Correspondence.)

Durham, N. C., Nov. 6.—The first basketball game of the season at Trinity was played last Friday night, when the Freshmen suffered defeat at the hands of the Seniors to the score of 43 to 22. The Freshmen did not show up as well as had been expected. This was probably due to the fact that they had never before played in the gymnasium at night, and they were considerably bothered by the bad lighting of the building. Public sentiment was perceptibly in favor of the Freshmen from the start. This is accounted for by the extreme small size of several of the Freshmen players. The whole team will hardly average over 125 pounds in weight. At the end of the first half it looked as if the score would be very close, it then being 11 to 14 in the Seniors' favor. In the second half, however, the Freshmen captain made an ill-advised change in his line-up, which resulted in the complete breaking up of his team. In the last five minutes of the game the Seniors with a spurt of energy and accuracy, ran the score up considerably. For the Freshmen, Adams, at center, and little Ferrell played the best ball, while Warlick and Cale White ran the score up for the Seniors. The next gace, and doubtless the hardest fought of the season, will take place next Tuesday night when the Sophomores and Juniors will engage in a struggle for victory.

Tennis has aroused more enthusiasm here during the past year than ever before. The result of this is that a good schedule of games with several North Carolina colleges has been arranged. Last Thursday afternoon Trinity's team, composed of N. I. White and A. R. Anderson, defeated Guilford College here in a series of doubles, the result being 6-4, 6 love, and 6-2. Friday afternoon the same two teams engaged in a series of singles in which Anderson defeated Brown 6-1, 6-1, and White defeated Hartman 7-5, 6-3. Next Friday and Saturday afternoons, Trinity will again play Guilford; this time, however, at Guilford.

Last Saturday afternoon the Juniors won the championship in the most interesting and phenomenal relay race ever staged at this college. For ten miles the representatives of the four classes raced with all the enrgy and strength they possessed. It was a foregone conclusion from the second mile that the final victory lay between the Juniors and the Sophomores, the other classes having fallen far to the rear from the start; but it seemed that the Sophomores had the best of the race all the while, for they maintained a good lead on their opponents, and only twice was this lead lost. In the fourth mile, Whitside, of the Juniors, passed Tawfield, the opposing Sophomore, and gained a short lead, which his succeeding Junior lost, together with thirty or more yards in addition. Then in the tenth mile, Cordle, of the Juniors, gained forty yards on his opponent, Downey, passed him, and won the race amid the wildest enthusiasm ever indulged in on this campus.

For this Fall there has been arranged a series of cross-country runs to begin immediately. A committee, consisting of men from the various classes in college, has been appointed to arrange courses and for prizes to be given to individual runners as well as to the victorious class team. The first of these runs takes place this afternoon.

Bishop Denny, of Richmond, was an appreciated visitor at the college last week. The purpose of his visit to this city was to deliver a lecture before a missionary meeting at the Memorial Methodist church. While in the city he took a look about the campus, inspecting the buildings and the work going on, with all of which he expressed himself well pleased. Before his election to the Episcopacy, Bishop Denny was for many years a member of the faculty of Vanderbilt University. During his stay in Durham, he was a guest at the home of Mr. Benjamin N. Duke.

The announcement of a marriage to take place in Mocksville on the 6th of this month is received here with considerable interest, the contracting parties being Mr. Clairbone McMillan Campbell and Miss Helen Coiner Allison. Mr. Campbell graduated at Trinity about five years ago, after which he taught history in the Durham city schools. Last year he was elected superintendent of the Jonesboro schools, and he is at present in that town. Miss Allison is a member of a prominent family of Mocksville, is a highly cultured and beautiful young lady. All their friends of the city and the student body unite in extending the heartiest congratulations and best wishes to them.

ALLEN'S TRIAL TODAY.

Noted Outlaw Carried to Wytheville—Edwards Next.

Wytheville, Va., Nov. 6.—Sidna Allen and Wesley Edwards, two of the Allen clan who on March 14th last shot up Carroll county court, and killed five persons, including the presiding judge, were brought here today from Roanoke, where they have been in jail since their capture at Des Moines. Sidna Allen's trial will begin tomorrow, and as soon as it is completed the trial of Edwards will begin.

These two trials will end the case. Two members of the clan, Floyd Allen and his son, Claude, have been sentenced to death for their participation in the shooting, and two others, Friel Allen and Sidna Edwards have been given long terms in the State penitentiary. Victor Allen was acquitted.

SCHR. GLENLUI SAFE.

Is Towed Into Newport News Ship Yard by Tugs.

Newport News, Va., Nov. 6.—The Norwegian sailing ship Glenlui, in collision with the Norwegian steamer Noreuga early last Friday morning, 90 miles south of Hatteras, while bound from Pensacola for Montevideo, with a cargo of lumber, was towed to the ship yard here today by two tugs. The Glenlui drifted 175 miles to sea after breaking her tow with the Noreuga and was picked up by the battleship Minnesota Monday afternoon. She is badly damaged; her bow is gone, her foremast down and her plates bent and twisted. Both the Glenlui and the Noreuga are now in drydock here.

SOUTHPORT NEWS NOTES

A Kick Against the Woodman's Axe—Signs of Progress—Hallowe'en

(Special Star Correspondence.)

Southport, N. C., Nov. 4.—The inevitable in the local "March of Progress" is not to escape in this city. With the laying out of the sidewalk spaces, where cement walks are to be placed, there is found here and there a live oak tree. The axe has been laid to several of these trees, and it has produced the same sensation as if some citizen had been assaulted. Hardly had the first tree fallen but the Civic Club was out in resolutions, and Mayor Price cannot walk the streets without meeting protesting citizens, who demand his protection for their trees. It is a safe bet that very few oaks will be cut down. Contractor Abell had a few blocks graded for the cement walks, and is waiting for his mixing machine to begin the regular pavement laying.

Nearly a dozen new residences have been or are nearly completed. A number of additional ones will be erected before Spring. At present it is hard to rent a house of any kind. Would-be renters have to take what they can get and not have any choice in the matter if they want a house.

The Hallowe'en party last Thursday night was a great success in its pleasure promotion. About 50 couples attended. The pavilion was beautifully decorated. Suspended from the ceiling was a fish net and in it was woven tinted Autumn leaves, pine and Spanish moss. The walls were adorned with pine burrs. Tastefully arranged booths with appropriate designs were erected where presided dispensers of fortune and material effects. The lanterns hung about the hall were embellished with figures of cats. After fortunes were told, games played and a dance enjoyed, the merry-makers adjourned to Miller's, where chicken salad, coffee and sandwiches were enjoyed. The participants were in various costumes, skillfully and well gotten up.

A wild turkey brought here and sold is notice that the season is open. Raports from points in Brunswick county tell of turkeys being seen in numbers. A farmer in the Town Creek section has the story to relate of a couple of deer coming into his back field. That there is some good hunting there is no question.

Some fine catches of trout and black fish have been made recently by local fishing enthusiasts who have gone outside for deep sea fishing. Over 200 and 300 fish caught by line in a couple of hours' time has rewarded those who tried. The weather has been exceptionally fine, warm and clear. The cold snap Sunday, with temperature down to 34 degrees, if it continues, is likely to drive the fish into deeper water and away from those near shore fishing.

The Presidential campaign now closed as to political speeches has been remarkable as to no public speaking in this county seat. The writer has in years past introduced such noted speakers as Senator Matt Ransom and Gen. Cullen Battle to Southport audiences. But this campaign there has been no outside orators to fire the Democratic spirit, and Brunswick is a close county politically.

This correspondence was made to read last week "Prof. J. W. Harper." Of course it was easy to note that Captain J. W. Harper was the one meant. Captain John has served long and well enough on these waters to be entitled to a professorship as navigator excellent. But your correspondent is not yet ready to change Captain to Professor.

TRAGEDY AT BELHAVEN.

Joe Neal Shoots His Friend, Wm. Fortescue and Kills Himself.

(Special Star Telegram.)

Washington, N. C., Nov. 6.—News reached this city this morning of a horrible tragedy in the town of Belhaven, about 9 o'clock, when a young white man, Joe Neal, shot his friend, Wiliam Fortescue, five times with a revolver, all the shots but one entering his body, and that one his head. Leaving him mortally wounded and in a dying condition, Neal went home, loaded his double-barrelled shotgun and blew his head off, firing both barrels. Facts about the case are hard to get at, but it seems both men were employed by the Interstate Cooperage Co. Neal had been paying attention to Fortescue's wife. Fortescue returned home and found him in the house, they had some words and a tragedy was the result. Reports from Belhaven tonight state that Fortescue is not dying. Both were young men and respected in the town.

Bell Haven, N. C., Nov. 6.—Joe Neal fired five revolver bullets into his friend, W. J. Fortescue, here today and then, after stopping in a store to get shells, went home and shattered his own skull with the loads from both barrels of a shotgun. Both men are in a dying condition. A quarrel over family affairs is said to have caused the tragedy.

Vapor Treatment for Catarrh Colds and Coughs

The HYOMEI vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes a few minutes time before going to bed. Pour a scant teaspoonful of Booth's HYOMEI into a kitchen bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises.

You will be surprised at the results of this treatment; it makes the head feel fine and clear.

This method is also used to break up the worst cold in the head over night.

A bottle of Booth's HYOMEI (pronounce it High-o-me) costs 50 cents at R. R. Bellamy's and druggists everywhere. Complete outfit which includes the little pocket inhaler $1.00.

No stomach dosing; just breathe; it is guaranted to end catarrh and all diseases of the breathing organs. Booth's HYOMEI (pronounced High-o-me) is Australian Eucalyptus combined with Listerian Antiseptics that destroy catarrh germs and soothe and heal the sore membrane.

NEWBERN NEWS NOTES.

Fire at Roper Lumber Co.—Tigers in Pamlico—Other News Notes.

(Special Star Correspondence.)

Newbern, N. C., Nov. 6.—Fire of an unknown origin completely destroyed two of the John L. Roper Lumber Company's dry kilns at Oriental Saturday afternoon. The blaze was first discovered shortly after the noon whistle had blown and many of the employes had gone to their homes for dinner. The sheds are located in close proximity to the big plant and for a long while as the flames raged it seemed as though this would be destroyed, too. The company has excellent fire fighting apparatus and this was brought into service, but if it had not been for the untiring efforts of the Oriental Fire Company there is but little doubt but that the entire plant would have been destroyed. The loss is estimated at $35,000, partially covered by insurance.

During the past few weeks the Pamlico county authorities have been unusually active against the "blind tigers" and on one day during the past week succeeded in nabbing 15 of the liquor sellers. These men had been doing a land office business and were making money hand over fist. When arraigned for preliminary hearing, all but two of them put up the money for their bonds and were released. A few days later they were given a hearing in Superior Court and the result was that ten of their number will serve time on the county roads. The authorities have had much trouble with this class of people and are determined to break up the sale of liquor if there is any possible way of doing it.

At the last meeting of the Board of Aldermen of this city plans and specifications for a new electric light and water plant were received. The present plant which is located in the western part of the city is inadequate to sufficiently house the large amount of machinery and also give enough space to allow those in charge plenty of room for their operations. Mr. H. W. Simpson, one of the members of the Board supervised the work of drawing up the plans and they were accepted with the understanding that the building would not cost more than $8,000. It is the intention of the board to have the building constructed entirely of concrete so that in addition to being roomy it will also be fireproof. Work on the structure will start at an early date and will be rushed to competion.

One of the cases disposed of at last week's term of Federal Court, which is in session here, was one in which George Henderson, a young white man from Onslow county was charged with violating the postal laws by fraudulently using the mails. Henderson had been before the court for this same offense on two different occasions and Judge Connor had warned him not to come before him again. Henderson's method was to order quantities of whiskey from different liquor dealers all over the country and send them worthless checks in return. So many of these checks did he send out that the express agent at that place had a hard time finding sufficient room in his small building to house the whiskey which was sent to Henderson. Henderson was found guilty of the charge and was sent to the Federal prison at Atlanta, Ga., for one year.

Richmond, Va., Nov. 5.—Appeal for a new trial for Floyd and Claude Allen sentenced to be electrocuted here November 22nd, for murdering the court officers at Hillsville, Va., last March were filed today in the Virginia Supreme Court.

This Will Stop Your Cough in a Hurry

Save $2 by Making This Cough Syrup at Home.

This recipe makes a pint of better cough syrup than you could buy ready made for $2.50. A few doses usually conquer the most obstinate cough—stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, croup, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Start the Day Warm With a PERFECTION SMOKELESS OIL HEATER

SLEEPING with the windows open is a "first aid" to health and beauty. But it makes getting up in the morning a chilly ordeal.

With a Perfection Smokeless Oil Heater you dress in comfort on the coldest day.

A touch of a match, and the Perfection is aglow in a minute. Later, you can carry it to any other room, and breakfast, read or sew in comfort.

In fact, a Perfection Heater is just as good as a fire, and much cleaner and more convenient.

It is a handsome heater, too. Ask your dealer to show you a Perfection, or write for descriptive catalogue.

THE MORNING STAR

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business, without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Make up! It's all over.

The consumers are largely in the majority.

There's glory enough to go around and then some.

Senator Dixon and Chairman Hilles couldn't see it coming.

What has come of the old-fashioned lady who used to wear a balmoral?

The Democrat who voted straight can congratulate himself for being the whole cheese.

Hereafter it will be a shame to call anybody a reactionary. The vote shows that everybody is progressive—whatever that means.

McCombs was the only true prophet among the campaign managers. Hurrah for Mac and Wilmington's working Walker W Vick!

Wilmington's advantages are more pronounced than ever. We ought to make the most of them, and not leave it to anybody else.

Texas did very well with a Wilson majority of more than 200,000, considering the fact that the Mexicans were too busy insurging to come over and vote.

The co-partnership between privilege and the Republican party brought on the cyclone. In the Congressional elections two years ago, the people registered their protest. In Tuesday's election they emphasized their will so that no one can doubt it.

Says the Charleston Post: "It has been discovered that no matter how enthusiastic women may be at a political meeting, they refuse to cheer." No, and they do not propose to attempt it for fear of making a noise like a juvenile baseball team.

Psitacotis is one of the new diseases of which we must stand in dread. According to the Chicago Department of Health, we can catch it from a pet parrot. We don't know what psitacotis is but if it is a disposition to talk a great deal and say but little, lots of politicians must have been monkeying with the parrot.

One of Teddy's parting shots was fired at Senator Elihu Root, of New York, whom he characterized as "the counsel of the enemies of the people." He declared that Root and others have "defended perversion of the law." How about the colonel's nullification of the Sherman anti-trust law when he consented for the Steel Trust to gobble up its only competitor—the very thing the law was enacted to prevent?

Don't break it off in anybody. Smooth down the bristles of those who talk ashily about the defeat of their favorites. They will be all right in a short while. Since "sleep knits up the raveled sleeve of care," so will time assuage and mollify grief. A soft answer turneth away wrath, and reason asserts its sway for the restoration of reconciliation. He who keeps on his shirt is greater than he who gets hot in the collar.

In view of the possibilities of direct trade between our South Atlantic ports and Japan, it is interesting to note that the Nippon Yusen Kaisha, one of Japan's great steamship companies, has ordered the construction of five new steamships, two of 15,000 tons' displacement, and three of 13,500 tons. It is announced that they are intended for trade between the Orient and Atlantic ports by way of the Panama canal. The ports which will get a call from them will be those which will have the necessary harbor terminals and warehouses. Commerce requires ample warehouse facilities.

MEANING OF THE ELECTION.

The meaning of the great landslide for Wilson in Tuesday's election is that in this crisis in American politics the people have chosen Governor Woodrow Wilson as the safest and most trustworthy statesman to be trusted with the affairs of the people. It was a Nation's expression of confidence in the statesmanship and wisdom of the Democracy's leader, and it was a vote of confidence in the honest purposes of the Democratic party.

After all, the main issues in this campaign were the Democratic, Republican and Progressive parties and their platforms as a whole. Upon the main questions, the Republican party stood pat upon the tariff and declared only for that measure of popular relief that a few members of a tariff board might see fit to recommend. The people overwelmingly rejected that proposition along with its sponsor, President Willam Howard Taft. We do not know whether President Taft will be a graceful loser or not, but he made a dignified fight in a campaign that was trying to his temper and a severe strain upon his patience. His party was repudiated two years ago upon the violation of its platform pledges to revise the tariff in the interest of the people. For two years more he and his party stood pat upon a repudiated policy, and the result on Tuesday was a more pronounced and emphatic repudiation which carried down with it his hope of being elected to a second term.

The Progressive party came into the fight with a declaration of radical principles, an evasive proposition upon the tariff, and an impracticable plan to control, not to suppress, illegal trusts and monopolies. That party, born as the advocate of a third Presidential term and as the advocate of other un-American principles, was rejected as an impossible force in the settlement of the problems of the times.

The Democratic party made a clean cut declaration of its principles and purposes, and nominated a scholarly and able man pledged to carry them out cautiously in the interest of the people. It promised to restore the government to the people, and pledged them relief in a gradual revision of the tariff to a revenue basis. The vote of the people on Tuesday was emphatic approval of that policy and an expression of popular confidence in Wilson and Marshall as the exponents of the Baltimore platform.

The people have repudiated the partnership between Republicanism and special privilege. They have rejected third termism and set their disapproval upon the vague and dangerous principles of the party born of ambition for a third term in the White House. The people have made their choice between privilege, between third termism, and between the constitutional and popular tenets of Democracy. They look to Wilson and the Democracy for a safe deliverance, and while the task is difficult and must necessarily be tardy, President Wilson is able to steer the ship safely for the people and Democracy, if his party wil follow a leadership that has a profound comprehension of the demands of the situation. The country will have to recede from a long established policy and delicate adjustment is required at the hands of the new President and his party. Wilson is the man to do it, and it is for his party to hold up his hands in an arduous undertaking.

ATTITUDE OF A GREAT MAN.

The Star predicts that Woodrow Wilson will go down in history as one of the Republic's greatest Presidents. His attitude during the campaign has silhouetted him upon the Nation's firmament as a statesman and in no sense a politician. He was impervious to assault. He did not in the least show traits of a partisan. Throughout the campaign he took the course of a great leader and demonstrated in his speeches that he has a broad grasp upon statesmanship. Let us quote here some of his own words:

"I am intersted in parties, my friends, only as instrumentalities. I am devoted to the Democratic party because I believe that amid a multitude of blunders, no doubt, it has been trying to steer by the standards set up in ancient days when our conception of Democracy was so clear-eyed and simple, and that no party has approximated more nearly than it has the efforts to serve the people rather than to serve the special interests. But if the Democratic party does not do that in fact as well as in theory, I am not going to criticise anybody that deserts the Democratic party. It will not be desertion. There is only one thing, my friends, that you can desert, and that is your principles."

Governor Wilson will become President with the full knowledge that the Democratic party is not without its mistakes. Its principles are undying but its mistakes can be remedied. It has the conscience and purpose to set itself right when it is wrong in act. It cannot be wrong in principles. These are as eternal as the stars. To avoid mistakes there is need of a great and wise leader and we have him in the former president of Princeton. The New York World thus gives us a proper conception of our leader, based upon the words we have quoted:

"These are the words of a man who intends to be no mere party President, but a President of all the people. Governor Wilson's whole campaign has been in harmony with this sentiment. His speeches will be searched in vain for an attack on Republicans as Republicans or on Progressives as Progressives. They have been as free from partisan rancor and bitterness as from personal bitterness. Even in his attacks on special privilege and monopoly there has been no abuse or vituperation; no threats of 'Abyssinian treatment' for this man or that man; but only a quiet, insistent determination to destroy monopoly, to eradicate special privilege, to dissolve the partnership between private interests and government, and to compel obedience to the law. And here again there are no ravings about 'malefactors of great wealth,' or 'undesirable citizens', no threat of a reign of terror, but the clear, simple announcement of a return to those older processes, which are 'that when a man breaks the law he must personally take the penalty.' One of the ways to end monopoly is to 'direct the criminal law against the individuals responsible for existing conditions.' Not against everybody who may by chance have offended—a few 'selected specimens will do,' and, as he has so often declared in regard to corporation officers, 'just as soon as these officers find themselves subject to the law, the law will be obeyed.' The strength of Governor Wilson's campaign has been its appeal to the reason of the American people, and not to their passion or partisanship. His speeches have revealed the man, and we know in advance of the election what kind of President he will make."

How admirable has been the attitude of Wilson before the American people during this greatest campaign in the history of the Republic. He recognized that the people were Democrats, Republicans and Progressives. He has not declaimed against them. He has attacked policies and principles and left the verdict to a great people. They decided that he was the man for President of the people and spokesman for a party which is of the people and for the people since its foundation.

CALIFORNIA A COTTON STATE.

England is the world's greatest consumer and manufacturer of cotton, and necessarily the British spinners must have more complete information about cotton production than even our own country. Just as New York cotton brokers and speculators know more about cotton and crop conditions than do the most intelligent of the cotton growers and cotton men of the South, so it is that the British cotton men know more about the world's crops and production than do all others interested in cotton.

Not only do the British spinners and brokers ramify all the cotton growing districts for reliable information about the world's cotton production, but the British government has efficient and trained men in its consular service to make special studies and reports on the subject. It is through the British consular service that we definitely hear of California's experiment in cotton growing. The consul representing Great Britain at Los Angeles, Cal., thus reports on the crop of Southern California:

"The growing of cotton in Imperial valley, commenced in 1910, has proved successful. The returns, in bales of 500 pounds, are as follows: 1909-10, 300; 1910-11, 6,000; 1911-12, 9,500. The price in 1911 was 14 cents and for this year 9 1-2 cents per pound. The soil is very rich, being a sedimentary deposit from the Colorado river. The product is nearly one bale per acre. At 9 1-2 cents the net profit to the grower on land valued at $100 per acre is $15 per acre per annum, after allowing the farmer wages for his work. The Imperial Valley Oil & Cotton Co., of El Centro, handles most of the crop. It estimates the crop for 1912 at 20,000 bales."

This shows us the result of two years of experiments with cotton growing on the lower Pacific slope, and while Robeson county, North Carolina, produces three times as much cotton as the whole State of California, that State is taking rank among the Cotton States. The development there is so important as to attract the attention of the wide-awake British cotton men and their government. There is another thing. Cotton grown in California is of superior quality, but while it has been demonstrated that the California lands and climate are adaptible to cotton growing, the main question is as to the extent of the area that can be devoted to cotton. Southern California is so well adapted to fruit growing, horticulture and diversified agriculture that the farmers there may not be willing to take a profit of $15 an acre when the probability is that it will be more in citrous fruit, grapes, truck, etc., which has now become an enormous industry in California, warranting refrigerator transportation service across the continent to the great markets on the Atlantic.

By the way, this serves to illustrate the great advantage which eastern North Carolina has in its nearness to the big markets which California has to reach by expensive transportation, covering from 3,000 to 4,000 miles. From ten days to two weeks are required by the best service transportation to reach New York, while eastern North Carolina is within 18 to 36 hours run to New York and other markets with their consuming millions. In the diversification of agriculture in eastern North Carolina, we ought to include many of the products of California. Tidal North Carolina is New York's greatest market garden, and the greater that market and others grow, the more it will emphasize the agricultural potentialities in this incomparable region of the South Atlantic.

A statistician has estimated that there are 4,000 poets in the United States. Who are the other 3,999? Come one and all and make the welkin ring. Wilson's carried every blooming thing.

CURRENT COMMENT.

A New York sculptor has made a bust of Gov. Wilson for the London Daily Telegraph. The newspaper wanted the bust for the purpose of comparing it with that of Joseph Chamberlain, the British Conservative leader. The sculptor says the resemblance between Gov. Wilson and Mr. Chamberlain is striking. The form of the head and the long contour of the face are almost identical and the expression around the eyes is similar. A movement is on foot in New Jersey to have the State place a bronze cast of the completed work in the State House at Trenton.—Savannah News.

The Raleigh and the Wilmington banks are the only North Carolina financial institutions that figure in the bank stock quotations in The New York Financier. The bids on Raleigh bank stock range from 100 for Carolina Trust Company, to 300 for the Mechanics Dime Savings. The annual dividend for the four banks quoted, the Citizens National, Commercial National, Mechanics Dime Savings and Raleigh Bank and Trust Company, is 8 per cent, except in case of the Commercial, which is 6 per cent. In Wilmington, 340 is the quotation bid for Atlantic Trust & Banking Company; 300 for Peoples' Savings; 162 for Southern National; 155 for Murchison National, and 125 for American National. The dividend rate of the Murchison is 8 per cent, gross deposits $3,881,000; Peoples' Savings, 12 per cent, gross deposits $1,304,000; Southern National, 10 per cent, gross deposits $1,091,000; Atlantic Trust and Banking, 16 per cent, gross deposits $979,000; Wilmington Savings and Trust, 12 per cent, gross deposits $2,230,000.—Charlotte Observer.

DEATH IN ATKINSON

Mrs. D. F. Robinson Passes Away After Illness Since Spring

(Special Star Correspondence.)

Atkinson, N. C., Nov. 5.—After an illness since Spring, Mrs. Tom Robinson, of this place, passed away last evening at 8:30 o'clock. Mrs. Robinson has lived here for the past six years and her life has been one of such varied usefulness that her death is a distinct loss to the community. Of her immediate family she leaves her husband and little son, Harold; another son, Mr. C. M. Robinson, of Wilmington, and an only daughter, Mrs. Eugene King, of Hampstead. She leaves four sisters, Mrs. Wm. Bell and Mrs. B. F. Orr, of Currie; Mrs. Wm. Sloan, of Garland, and Mrs. J. W. Colvin, of Atkinson, and a brother, Mr. Chas. P. Moore, of Bannermann's. She was laid to rest this afternoon with services conducted by her pastor, Rev. E. B. Carr, of Atkinson.

Mrs. Robinson was a woman of strong and beautiful Christian character. As a teacher in the Sabbath school, an officer in the missionary society and a helper in every phase of good work, she was an example of faithfulness. A voluntary gift of a gold piece from her started the movement to build the Presbyterian church at Atkinson.

She was a woman of tender sentiments and great love for the beautiful. She was noted for her skill in cultivating flowers. Flowers grew under her hands because she loved them so and the roses she planted will shed their beauty and fragrance in the places where she has been as the memory and impress for her sweet personality and goodness of heart and life will linger to bless and ennoble those who loved and honored her.

DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md.—"My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work."—Mrs. J. R. PICKING, 1260 Sargeant St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MONASTIR FALLS.

Turks Surrender Another One of Their Strongholds.

Rome, Nov. 6.—The Turkish stronghold of Monastir surrendered at 2 o'clock this afternoon to the Servian troops, according to a dispatch from Belgrade to the Tribuna.

The whole of the six Turkish army corps commanded by Fethi Pasha, was stationed at Monastir and many Turkish troops fleeing from other posts in the province had taken refuge there. The dispatch does not say whether this great Turkish army surrendered to the invaders.

Monastir has been the scene of many massacres. Half of its population of 40,000 professes the Christian faith.

TEXAS MAJORITY.

Gives Wilson Over 150,000 Majority in the Election.

Dallas, Texas, Nov. 6.—In addition to sweeping the State for Wilson and all Democratic Congressmen, the Democrats carried into office all State officers, except one member of the Legislature. Wilson's majority will be about 150,000.

Taft and Roosevelt are about even in returns received so far.

Their combined vote was between 40,000 and 50,000, which is less than Taft's vote alone in 1908.

The Socialists polled a vote of between 5,000 and 10,000.

You'll be proud of a nice sitting room

Dear Amy:—

Every home should have a cozy sitting room, where the whole family can get away from the dining room dishes and spend a jolly evening.

The sitting room is the real center of the home, and no woman should neglect furnishing it. For the sitting room, substantial furniture is best, because it gets so much wear.

SHORT REGULAR SESSION

Featured by Reports From the Different Departments for the Month. Special Session Followed the Regular.

One of the briefest regular sessions of the City Council was held yesterday morning and it was the first meeting in the month, too, when reports from all departments are received. The meeting was occupied chiefly with the reading of the reports. Immediately following the regular session Council was re-assembled to hear a petition of the Tidewater Power Co., to grant a franchise for the laying of a street car track through the city park property in the southern part of the city so as to afford a line to Sunset Park. The proposition was referred to the city attorney to investigate and report.

Mayor Smith presided at the meeting and in attendance were all members. The first matter up was the adoption of a resolution, upon recommendation of Councilman B. C. Moore, that the contract to furnish overcoats for the police department be awarded to the A. David Co., at $23.50 a coat. Only one bid was received.

Woodus Kellum, Esq., appeared before the Council and called attention to the injury to Mr. A. B. McArthur, a carpenter employed on the market house improvements, from falling timbers, due, he claimed, to negligence of the foreman. The matter was referred to Mayor Smith and City Attorney McClammy with request to investigate and report.

Coupons paid by the treasurer amounting to $9,363.50 were counted and burned.

The report of Chief of Police John J. Fowler showed 215 arrests for October, 87 whites and 128 colored. Chief Chas. Schnibben, of the fire department, reported five alarms in October, causes as follows: Defective flue, two; accident, one; oil stove explosion one; sparks from chimney, one. He reported that the total fire loss for the month would not exceed $40.

Next were received the several reports from the health department. Dr. Chas. T. Nesbitt, city superintendent of health, reported that during the month there were 61 births, 22 whites and 39 colored; 55 deaths, 21 whites and 34 colored. He also made a supplementary report dealing with health and sanitary conditions of the city, the reading of which was listened to with the greatest interest by members of Council.

The report of Dr. John Thames, assistant superintendent of health, was to the effect that he made 31 visits to indigent poor; had 11 office consultations of indigent poor; issued 38 permits to the James Walker Memorial Hospital and that there were 10 cases of typhoid fever reported during the month.

Mr. John Mathers, the plumbing inspector, reported that 17 permits for plumbing were issued; 128 for fixtures; 27 inspections were made; four choked sewers were ordered cleaned; eight jobs of defective plumbing were reported and condemned, and seven defective plumbing taken out and new plumbing installed.

Dr. Thos. B. Carroll, meat and dairy inspector, reported 42 inspections of dairies and dairy farms and that the sanitary conditions, health of cattle and attendants were good. He made 949 examinations of fresh slaughtered meats as follows: 253 cattle; 658 hogs and 38 sheep with two cattle and three hogs condemned.

The chief of the sanitary police, Mr. E. Piner, reported 12,347 inspections of premises and 4,360 closets cleaned.

The Council reconvened at 10:30 o'clock for the purpose of hearing a request of Mr. A. B. Skelding, general manager of the Tidewater Power Company, and representatives of the Fidelity Investment & Development Co. for a right-of-way through the park property owned by the city near Greenfield Lake, the object of the street railway and the last named company being to secure a car line to Sunset Park, the suburb that is being developed by the investment and development company. After some discussion the matter was referred to the city attorney for advice. The Tidewater Power Co., recently asked the Board of County Commissioners for a franchise to lay a track on the macadam road leading to Federal Point township from the city limits to Sunset Park. The request was denied, but the Commissioners decided to let the company have the use of its railroad along the Macadam road at actual cost for grading a right-of-way contiguous to the public road, provided the proposition was accepted within 10 days from the time it was made. The proposition was not accepted.

After the meeting adjourned Mr. F. F. Pillett, city enginer, explained to members of Council the maps which have been prepared in connection with the proposed extensions of the sewerage system. The maps give in detail the proposed extensions of the sewerage system. It is proposed to sewer Brooklyn, the eastern and the southern sections of the city. The Brooklyn Sewerage Co., owns a system in the northern section of the city and it has been stated that it may be incorporated in the municipal system. Mr. Pillett was instructed to prepare specifications and estimates of the cost of the proposed extensions and submit the same at an early meeting.

CIRCUS HERE YESTERDAY.

Sparks' Shows Seen by Several Thousand People in Wilmington.

Sparks' Shows gave two performances here yesterday, afternoon and night. This is probably the only circus that will visit Wilmington this season and Wilmingtonians generally attended in surprisingly large numbers. The tents were pitched on the vacant lot at Fourth and Castle streets. At the afternoon performance the canvas would not begin to accommodate the crowds and several hundred were turned away for the want of even standing room. Last night every seat was taken and hundreds occupied a place on the ground. The side shows also did a good business. Sparks has a good show for the money, there being many interesting and entertaining features. The circus will go to Chadbourn early this morning and performances will be given there today.

SUIT AGAINST COAST LINE

Damages for Injuries Received In Rather Unusual Manner

Complaint was filed in Superior Court yesterday in an action for alleged damages for injuries received in rather unusual manner. The case is brought by Walter Rogers, colored, against the Atlantic Coast Line Railroad Company. It is alleged that on July 19th, 1912, the plaintiff boarded the defendant's train at Bennettsville for Georgetown, S. C.; that at or near Lake City, S. C., the plaintiff was required by the porter of the train to leave his seat and give up the same so that a woman who was standing in the aisle of the car might be seated, forcing the plaintiff, by reason of the crowded condition of the car, to have to stand in the car near the rear door; that the said defendant company allowed the rear door to remain open; that by a sudden jerk of the car the plaintiff was thrown off his balance and fell through the open door to the ground, rendering him unconscious, one of the bones in his right wrist and one in his right arm being broken, his right shoulder dislocated, two of his ribs broken and he was otherwise bruised, shocked and injured. The plaintiff prays judgment in the sum of $2,000. Kellum & Loughlin represent him.

NAVIGATION AND PILOTAGE

Regular Monthly Meeting of Board of Commissioners Held Yesterday —Several Matters of Marine Interest

The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday morning in the office of the chairman, Mr. James Sprunt, other members in attendance being Commissioners Harper and St. George and the clerk, Mr. L. Brown McKoy.

The business of the meeting was largely routine with the exception of two letters which were directed by the chairman to the commanding officer in the Sixth Lighthouse district, asking several changes in buoys on the Cape Fear, and to the superintendent of the Coast and Geodetic Survey with reference to important changes on the charting of the coast between Wrightsville Beach and Cape Fear bar. The Capt. Cahill, owned by Capt. J. S. Sellers was licensed as a pilot boat. The correspondence referred to above is as follows:

November 6, 1912.

To the Commanding Officer, Sixth Lighthouse District, Charleston, S.C.

Dear Sir:—With reference to the red buoy at Five Fathom Hole on the Cape Fear river, we are requested by our Cape Fear pilots respectfully to suggest to you that this buoy be changed to a port hand buoy and placed on the angle. It is now about 400 yards above the angle and does not serve the purpose for which it is intended.

We do not question your technical knowledge with reference to this matter, and it is possible that our pilots may be at fault, but, the most experienced of them having brought the matter to our attention, we respectfully refer it to you.

May we further suggest that during your visits of inspection on the river, you will give an opportunity to our Board of Commissioners and our pilots to confer with you in respect to such matters, as we believe such conferences would lead to a better understanding and more practical results.

We may also remark that the black buoy at Orton is off the angle, to a lesser degree, and this, we respectfully suggest, might also be looked into by you at your convenience.

The Board of Commissioners also desires to know, if you please, when the new lights on the Cape Fear river will be put into service; also whether the increased appropriation of Congress, for the completion of the river lights to Wilmington, has become available or not, as, should it not be available, we propose to present the matter to the proper authorities in Washington.

It will perhaps interest you to know that our regulations require that quarterly soundings be made by the pilots on the river from Wilmington to the bar, and monthly soundings on the bar. We enclose one of the reports of sounding just received, and we shall be pleased to keep you informed with respect to these soundings, if you desire us to do so. Kindly return the chart to us when it has served your purpose.

If you will be good enough to give us an intimation a few days ahead of your prospective coming to the Cape Fear river, we will have time to appoint committees to wait upon you.

Yours respectfully,
JAMES SPRUNT,
Chairman.

October 6, 1912.

Hon. H. Tittmann, Superintendent, Coast and Geodetic Survey, Washington, D. C.

Dear Sir:—With reference to your courteous note of October 14, 1911, acknowledging receipt of our letter of October 7, 1911, asking the attention of the Coast and Geodetic Survey to the fact that a number of obstructions along our coast, between Wrightsville Beach and Cape Fear Bar, were not charted, one in particular, the wreck of the blockade runner "Condor," being fully half a mile from the beach, awash at low water and, directly in the track of small craft trading along the coast—a very dangerous obstruction—we respectfully report that no action has been taken by the Survey in this matter, and we write to ask if you will be good enough to inform us whether you contemplate charting this obstruction in the near future.

It might also be well to remark that "Sheephead Rock", about two miles S.S.E. from the former New Inlet, although charted by you, is not buoyed or marked in any way. This rock, according to the Survey, shows a depth of only six feet of water at low tide.

Respectfully,
JAMES SPRUNT,
Chairman.

SENATOR BELLAMY HERE

Every Indication That He Was Elected to the House from Brunswick

Senator Geo. H. Bellamy, of Brunswick county, was in the city yesterday. He confirmed the report received here election night that he had carried the county for the House of Representatives by a safe majority. He said that according to the returns made to him he had a majority over his opponent of 233, exclusive of Ashe township, which both sides were claiming. Yesterday afternoon Mr. George Harriss, chairman of the Democratic Executive Committee of this county; Recorder John J. Furlong, Mr. F. T. Skipper, clerk of the Recorder's court, and Mr. W. H. Cox made a pleasure trip to Southport. They left here at 2 o'clock and visited a number of places on the route. A telephone message from Mr. Harriss at Southport at 6 o'clock last night was to the effect that Mr. Bellamy had carried the county, from the best information obtainable, by a majority of 75 to 80. Mr. Harriss said that he did not think there was any question of Mr. Bellamy's election.

GERMAN AIRMEN KILLED.

Lieut. Altrichter and Passenger Fell 60 Feet at Halberstadt.

Hlberstadt, Germany, Nov. 6.—Two more German airmen were killed here today. Lieut. Altrichter was making a flight in a biplane in which he carried an engineer named Meyer, as a passenger, when the motor suddenly stopped and the aeroplane plunged to the ground from a height of 60 feet. The men were found dead in the shattered machine.

TWO CONTESTS LAST NIGHT

Basketball Games at the Boys' Brigade Drew a Large Number of Spectators to Armory—Games Friday Night

Despite the presence of a circus in town last night the games of basketball at the Boys' Brigade were pulled off according to schedule and both were fast and exciting to the spectators. The first game was between Walton's team and that of Fowler and was a good contest from every standpoint though the score was a little one-sided, as the team of Walton was strong on goals and they defeated their opponents very handily by the score of 26 to 15.

The goal-shooting of Beach was the feature for Walton's team, while Wilson starred for Fowler in this respect, though he marred his work by his numerous fouls; committing 10. LeGwin, for Walton, also did good work and secured five goals from field netting his side ten of their points.

In the second game the team of Cameron defeated that of Gerdes by the small margin of one point. This game was an especially well-played contest and was peculiar in that it ended twice a tie, the first half closing with a score of 13 to 13, while the second half resulted in another tie, this being 10 to 10, the total score being 23 to 23.

This made it necessary for the teams to continue until one side had scored two additional points. Gerdes secured one point soon after the beginning of play and Kelly Jewell for Cameron, then came to the rescue of his team by caging the ball for two points and won the game after a few minutes of fast, exciting work by both teams. The work of Jewell, for Cameron was the especial feature of this game, he succeeding in caging the ball eight times from the field and once from foul line making 17 of the points for his team. The work of D. Register was also good. He held his opponent to two field goals and shot two for his side. For Gerdes, Palmgren and Gerdes were the stars, each caging the ball four times from field, though Palmgren had a shade the better of the score by throwing two goals from foul line. Wilkerson, a new man, also played good ball. The good guard work of Captain Kenneth Davis was also a feature, he holding his opponent, Charlie Bell, to no score. His roughness called for several fouls which gave points to the opposing team but his excitement did not allow for any regret because of this. He went into the game with the full intention of not permitting his opponent to score and he more than made good his threat. He received an ovation from his numerous friends after the game. He is one of the brightest prospects as a coming star who will shine brilliantly in the basketball constellation for the seasons 1912 and 1913. It is doubtful if he will be permitted to remain in class B society for long as he is being watched closely by the major league because of his brilliant work.

The next games in the series in Class A League will be played Friday night when the Eagles meet the Eagles, the Y. M. C. A. Seniors play Company A and the Y. M. C. A. Juniors the Cardinals. All of these games will be played and some good sport will be witnessed by all who attend. Ladies are welcome to these games and many are taking advantage of this invitation to see the games which they seem to enjoy equally as well as the men.

AMERICAN RED CROSS

Appeal of President Taft and International Relief Board

To the Editor

Sir: It is difficult to bring home to the public in this country the appalling suffering involved in a Winter war in the Balkans. Communication is difficult, the cold is intense, and even rudimentary transportation is a matter of extreme difficulty. Moreover, the fighting in this particular war is likely to be of an especially bitter and severe character, while on the other hand the medical organization available is quite inadequate to cope with the large numbers of wounded.

Reports have been received both from our diplomatic representatives in Turkey, the Balkan States and Greece, and from the Red Cross societies, of the desperate conditions of thousands of sick and wounde and the inadequate medical service. With these reports have come urgent appeals to the American Red Cross for aid.

The British Red Cross and those of Continental Europe are sending out medical detachments of doctors and nurses and hospital supplies in order to mitigate in some measure the terrible suffering entailed by such a Winter campaign.

Because of the distance, the American Red Cross will not send expeditions of trained personnel, but it earnestly appeals to the generosity of our people to aid the sick and wounded soldiers of all the countries involved.

Though an armistice may be declared, a great number of sick and wounded must be cared for during a number of weeks and the troops must remain under arms in the field for months during the severe Winter weather, with all the suffering and sickness this will entail.

The services of the American Red Cross will be rendered impartially to all the combatants concerned, but it is, of course, open to any subscriber to designate a donation for the special assistance of one or the other of the belligerent parties, and instructions to that effect will be strictly observed.

Contributions should be sent to the treasurer of the local Red Cross, Mrs. W. C. Munds.

THE HIGHWOOD COMPANY

Organization Meeting Held Yesterday Afternoon—Purpose Is to Develop Property East of The City

The Highwood Company, which was granted a charter a few days ago by the Secretary of State, was organized yesterday afternoon at a meeting of the stockholders in the office of The A. W. Pate Company, corner Second and Princess street. The company is composed of a number of the city's leading business men and its primary object is to develop the property known as Highwood Park and a 60-acre tract adjoining on the opposite side of the turnpike. Of course, other properties will also be owned and developed by the company later.

The plan is not to put the Highwood property on the market until Spring, but the idea is to begin immediately to make improvements, providing waterworks, sewerage, etc. The Highwood property is located just this side of Garden City and the 60-acre tract referred to is just across the turnpike. It is considered very desirable property for building purposes and the lots, when they are placed on the market, will doubtless be sold rapidly.

The meeting yesterday afternoon was presided over by Col. Walker Taylor and Mr. C. C. Loughlin, attorney for the company, acted as secretary. The following were named as the board of directors: H. F. Wilder, Col. Walker Taylor, W. M. Cumming, Joseph J. Loughlin, B. F. King, Jr., C. N. Evans, T. J. Gore. The board of directors met immediately afterwards and elected officers, as follows:

President—H. F. Wilder.
Vice President—W. M. Cumming.
Secretary and Attorney—Chas. C. Loughlin.

The matter of electing a treasurer was left open until the next meeting of the board, which will likely be in a few days. Two of the leading stockholders were not present at the meeting yesterday, one being out of the city, and the other, although in the city, being unavoidably detained. It was decided to begin preparations at an early date to put the property in question in marketable condition so that it can be placed on sale early in the Spring.

DIED AT RED SPRINGS

Brother-In-Law of Rev. J. A. Smith, Of This City, Passes

Rev. J. A. Smith, of this city, yesterday received a telegram conveying to him the sad intelligence of the death of his brother-in-law, Mr. John A. Brown, who passed away at Red Springs on Tuesday night. Mr. Brown was 66 years old and his wife was formerly Miss Katie T. Smith, sister of Rev. J. A. Smith, of this city.

The deceased was a valiant Confederate soldier and served throughout the Civil War. He was a member of the famous battery of Col. J. B. Starr, of Fayetteville, and has many comrades in Wilmington, Fayetteville and the surrounding counties.

Mr. Brown was a prominent and highly esteemed citizen of Red Springs, and was a member of the First Presbyterian church of that place. Surviving him are his wife, four sons and two daughters. The funeral and interment will take place at Red Springs this morning.

MANAGER WESTERN UNION HERE

Mr. Theodore B. Kingsbury, Jr., to Return to Wilmington.

Although not officially announced, it is authoritatively stated that effective within a few days, Mr. Theodore B. Kingsbury, Jr., will become manager of the Western Union once in this city, succeeding Mr. G. E. Wood, resigned several weeks ago to engage in other business, perhaps in Wilmington.

This announcement has been received with peculiar pleasure in Wilmington by the hosts of friends of Mr. Kingsbury, who is a young Wilmingtonian who has achieved signal success in his chosen work. He is a son of Mrs. Roger Kingsbury, and a grandson of the venerable Dr. T. B. Kingsbury, so well known in the State as a journalist. Young Mr. Kingsbury has been one of the most expert men in the service of the Associated Press. Southern Division, for some years, but in recent months has been assistant to Manager W. G. Sale, formerly of this city, but now of Richmond, Va. Mr. Kingsbury has thoroughly mastered the intricacies of office management in the large office at Richmond under the expert direction of Mr. Sale and it goes without saying that he will "make good" in Wilmington where he is so popular and among a people whom he is so well qualified to serve in this great branch of the public service. Mr. Kingsbury's return to Wilmington will be hailed with delight in his native city.

CATARRH IS IN THE BLOOD

A polluted and impure condition of the blood causes irritation and inflammation of the different mucous membranes of the body, and we call it Catarrh. The early stages of the disease are characterized by such symptoms as a tight, stuffy feeling in the nose, watery eyes, ringing noises in the ears, irritation of the throat, and often hoarseness and difficult breathing. If the trouble is not checked it invades the stomach and other portions of the body and becomes a dangerous disorder. Antiseptic washes, sprays, etc., are beneficial in removing accumulated mucus from the nose or throat, but such treatment can never cure Catarrh. S. S. S. is the one real dependable remedy for Catarrh. This great medicine cures the disease because it purifies the blood and thus destroys its cause. S. S. S. goes into the circulation and removes the last trace of catarrhal matter, and then the blood performs its work of nourishing the membranes and tissues instead of depositing impure matter into them to irritate and inflame. S. S. S. cures to stay cured. If you have Catarrh in any form take S. S. S. and cure it as thousands have done. Book on Catarrh and any medical advice free to all who write. S. S. S. is sold at drug stores.

MISS LILLIAN VASHTI VAUGHAN BRIDE OF MR. R. G. STOKELEY.

Of pleasing interest to a host of friends in this city and elsewhere is the announcement of the marriage of Miss Lilian Vashti Vaughan and Mr. Robert Gerald Stokeley, which was solemnized at half after six o'clock yesterday evening at the home of the bride's parents, No. 416 Red Cross street. The home was beautifully decorated for the occasion and a number of friends assembled to witness the pretty ceremony, which was performed by Rev. John C. Wooten, pastor of Grace Methodist Episcopal church.

The bride was becomingly attired in a tan traveling suit with hat and gloves to match and she was attended as maid of honor by Miss Annie Banks. Miss Maude Vaughan made a most attractive flower girl and the groom was attended as best man by Mr. Percy S. Vaughan. Immediately after the ceremony, Mr. and Mrs. Stokeley, after receiving the happiest congratulations of their friends, left on the northbound train for a bridal tour to New York, Philadelphia, and other places of interest in the North. Returning in about two weeks, they will be at home to friends at No. 218 South Second street.

Among the guests at the wedding were Mr. and Mrs. W. D. Stokley, Mr. and Mrs. J. A. Oldham, Mr. and Mrs. W. H. Best, Mrs. Henry Bailey, Mrs. F. J. Eagan, Miss Lizzie Stokley, Miss Retta Stokley, Miss Annie Banks, Mr. Ed P. Lyons, Mr. W. H. Stokley, of Durham; Miss Lena Berger, Miss Mary Harrell, of Raleigh. Announcements of the wedding are contained in cards received by friends yesterday as follows:

—Mr. James L. Mann, a Wilmingtonian, who has a position in the government printing office at Washing- returned to the Capital last evening. He has been in the government service for 19 years, but has remained a true blue Democrat and came home to vote for Woodrow Wilson. He is an enthusiastic Wilsan man and went back to Washington rejoicing over the election of a Democratic President.

EASY WAY TO CURE COLDS

Don't Neglect a Cold, Stop It in the Sneezing Stage—Use Ely's Cream Balm, a Harmless Remedy for Catarrh.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

..Theatrical..

Headed by Essanay's latest film, "The Ranch Girl's Trial", which will star the well known and favorite actor, Mr. G. M. Anderson, the Bijou will today present a bill of rare excellence; one that will powerfully appeal to every taste and that while stirring the mind with emotion, will immensely tickle the risibles.

In this Essanay masterpiece will be found the best and biggest thing Mr. Anderson has ever done. He, of course, portrays one of those Western characters for the portrayal of which he has become justly celebrated and he will give a masterful enactment of the virile part.

A strong story of high finance is also a star today in "A Son's Example," and it vividly tells of tricks and turns in the financial world and how a son, in order to save his father, who is cashier in a bank, runs away so that

MR. G. M. ANDERSON

suspicion of theft may fall upon his shoulders. All but the young woman who loves him think that he is guilty. She does not and the manner in which she rights the great wrong is highly interesting and filled with thrills.

"The Convict's Parole" is another strong dramatic film, that will hold the attention of the onlookers and will prove a big novelty. It tells of a generous and wise Governor, who starts the parole system, in order to help the convicts, making them better men and women. An unscrupulous prison warden wants to discredit the Governor and so he puts up a game in order to make three convicts lose their paroles. How they were tempted and then accused, but finally saved, is all told in graphic manner and will stir the hearts of all. There is a fine comedy vein running through the film, too.

Today's Bijou bill will be given on the same high plane that is usual with this attractive theatre and the price of admission will not be raised. It is ever 5 cents.

Grand Theatre Today.

It was a grand victory for Wilson and Simmons in the election Tuesday, but it is a great victory at the Grand Theatre every day and today will be no exception to the rule in any particular. Mr. Chick's song for today will be "Let's Grow Old Together, Honey," an up-to-date march song with beautiful swinging music that will set the crowd to whistling.

In the moveys for today will be a Vitagraph "In the Garden Fair" and a Lubin, "The Heavenly Voice." The latter is the story of a crafty old major, who is in love with a widow and attempts to win her heart with a serenade. The widow has a daughter and young blacksmith who is employed to furnish the music by proxy for the major finally wins her by his sweet voice on the outside, while the old man is wooing on the inside. "In the Garden Fair" is a beautiful dramatic story that will carry the audience off with its beautiful sentiment and strong dramatic worth. The pictures are all put on with realistic effects and with full orchestral accompaniment.

Excuse Me.

A farce with an excuse, and that does not need one, will be seen at the Academy of Music next Tuesday, November 12th, when Henry W. Savage will offer "Excuse Me", which is described as being a "Pullman carnival in three sections." Rupert Hughes, sometime author of brilliant short stories and writer of other plays, is the author of this human comedy, and he is said to have succeeded in writing a play that is entirely novel in its theme, its locale, and in its plot and counterplots. The action of the play takes place on an Overland Limited train, running from Chicago to the Pacific coast and Mr. Savage has invested the play with an air of realism that is said to be positively startling. In all three of the acts the audience has the sensation of riding on a Pullman train. The movement of the train is shown realistically, the berths are made up just as on a regular cross country express, and verisimilitude is the watchword.

The company played one season in New York and three months in Chicago. As has been his custom, Mr. Savage has furnished a remarkable cast for the piece. The company will include Geo. W. Day, as the Pullman porter, and many others.

The sale of seats for this important production will open

Newport News, Va., Nov. 6.—The German steamer Cyril, which went aground near the Virginia capes Monday, while bound out from Baltimore to Novorossisk, Russia, with a cargo of agricultural implements, came into port today leaking considerably. She was docked at the local shipbuilding plant for survey and repairs. The steamer's bottom amidships was damaged.

PORTO RICO'S NEW WONDER.

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barcelonet, writes: "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

LOCAL DOTS.

—The regular meeting of the Luther League of St. Paul's Lutheran church, will be held at 8:15 o'clock this evening in the Luther Memorial building. A full attendance is desired.

—Yesterday's Fayetteville Observer: "Just think of it! Cotton brought 12 cents here today when it sold yesterday for 11.75. This, mind you, is in face of the fact that Wilson, 'the trust buster,' has been elected President of these United States."

—In the Recorder's court yesterday morning Solomon Dozier was sentenced to six months on the roads for striking his wife and drawing a knife on her. A case against Martin Milton, charged with slapping a child, was nol prossed. The other cases on the docket were continued.

—Report was made to the police that yesterday afternoon some one entered the residence of Miss Annie Kidder, No. 121 South Fifth street, and stole $7 in money. Miss Kidder was away in the afternoon and when she returned she discovered that some one had been in the house. Neighbors told of having seen a negro loitering around the house.

WILL MEET TODAY.

Canvassing Board to Come Together to Complete the Returns.

The canvassing board for Tuesday's election will meet at the Court House at 11 o'clock this morning for the purpose of canvassing the returns of the election. It is expected that several hours will be consumed in receiving and tabulating the returns. The board of canvassers is composed of one election officer from each ward or precinct in the county.

The Board of Elections heard nothing yesterday from the county precincts which had not reported Tuesday night, except the vote in Delgado. Of course the county goes Democratic, the only question being the size of the majority, which always depends upon the interest taken by the voters. Only a slight vote was polled in Tuesday's election.

In connection with the local election story yesterday morning reference was made to the accident at Front and Princess in which Mr. J. W. Buck, the well known out-door photographer was the principal. Mr. Buck was arranging to take a flashlight picture of the scene in front of The Star office, where a thousand or more had gathered to receive the returns as thrown on the canvas from the newspaper office. It was stated that there was a premature explosion, causing the accident. In the hurry and excitement incident to election night it was impossible to run down Mr. Buck and get a statement from him and the commonly accepted theory was used. Mr. Buck said yesterday that there was no premature explosion, but that the cause of the terrific explosion that made so many, even in the residence section, to think a cannon had been fired, was that the flash pan was not sufficient to hold the charge of powder. He said that ordinarily there is no "kick" backwards of any part of the flash pan and that Tuesday night was an exception to the rule. The explosion occurred at the proper time, he said, but not just in the way he had arranged. However, he got his picture all right. As stated yesterday morning, the flash pan kicking backwards struck the front door of Shrier & Solomon and broke out a light and Mr. Buck was slightly injured on the hand.

COTTON PRICES FLUCTUATED

After Opening Higher the Market Reacted Sharply under Realizing, But Firmed Up Again in The Late Trading

New York, Nov. 6.—After opening higher, the cotton market reacted sharply under heavy realizing, but firmed up again in the late trading on continued trade buying and covering with the close firm, net unchanged to 19 points higher. The opening was steady at an advance of 1 to 10 points, with the active months making new high records for the movement in response to firmness in Liverpool, reports of rain in the South and bullish Southern spot advices over yesterday's adjournment. The talk around the ring reflected quite a strong sentiment in favor of a reaction, however, and offerings were very heavy at the initial prices. The market consequently soon began to sag off from the best, and while a fairly good demand was in evidence on a scale down, the decline continued until stop loss orders were uncovered and prices showed a net loss of from 15 to 17 points during the early afternoon. Below 11.50 for January support was more active and as soon as the market showed a disposition to steady, some of the early sellers started to cover, while there was a renewal of bull support inspired by bullish Southern spot advices and talk of small crop estimates. The market recovered practically all its loss in the last hour, as a result of this renewed buying movement and closing prices were within a point or two of the best, with active positions showing a net gain of from 2 to 6 points as compared with the finish on Monday. A prominent Liverpool authority cabled a crop estimate of 13,440,000 bales and it was reported that a well known local house would issue an estimate tomorrow based on the investigations of a traveling crop expert, indicating a yield of under 14,000,000 bales. Reports from Memphis said that the official figures of the National Ginners' Association showed 8,930,000 bales ginned to November 1st. Numerous bullish wires were received from the South regarding the spot situation, and some of the day's bullish gossip was based on the comparatively small New York stock, and the recent heavy trade buying of January.

Spot closed steady. Middling uplands, 11.90; do. gulf, 12.15.

Futures closed firm.

WHEAT MADE A LOW RECORD

Although Prices Reached Rock Bottom, the Close Was Strong and Higher—Scantiness of Increase Caused Upturn.

Chicago, Nov. 6.—Although wheat prices today touched a new low record for the season, December at 87⅞, the market closed strong, ⅝@1⅛ above Monday night. Scantiness of increase in the world's available supply formed the main reason for the upturn.

Corn finished unchanged to ¼ higher.

Oats varied from the same as the previous close to ¼@⅜c. gain, and provisions either not altered, or with advances ranging from a shade to 12½c.

TALKS WITH McCOMBS.

National Chairman Calls on President-Elect Wilson—Guarded.

Princeton, N. J., Nov. 6.—Governor Wilson had a long talk with National Chairman William F. McCombs early today. "It was a visit of friendly compliment," said the Governor.

The President-elect heard today that United States secret service men were coming to guard him. "I found to my surprise," he said, "that it is the interpretation of the law to guard the President-elect, even before he is inaugurated."

Capt. McDonald, who has become a great favorite with the Governor while acting as bodyguard, will leave, therefore, in a few days.

The President-elect will remain in Princeton until about November 15th, when it is expected he will take a short trip to the Bermuda Islands, where he has spent many vacations. He had no definite announcement, he said, to make in this connection.

STOCKS REACHED HIGH LEVEL

Exchange Opened With an Irregular Tone, But Buying Movement in Speculative Favorites Sent Many Issues Up.

New York, Nov. 6.—During the first half of today's session on the stock exchange the undertone of irregularity and indecision suggested the thought that the speculative element seemed unable to grasp the significance of yesterday's election.

In the afternoon, however, a concerted buying movement in the speculative favorites, chiefly Union Pacific, Canadian Pacific, Reading, United States Steel and Amalgamated Copper sent these and other issues up to five points from the lowest. There was some shading of prices due to profit-taking and six per cent. money, but the movement was resumed and prices attained a higher level in the final dealings with strength to the close. Trading in the last two hours lifted the day's total well above all recent records.

General conditions abroad were undoubted factors in the rise.

Advices from continental centers imparted a more hopeful view to the Balkan situation and the trend of events in London, Paris and Berlin indicated Europe's financial interests were prepared to meet the supremacy of the Democratic party in the United States with absolute equanimity.

Call money was easier at the outset, opening at 5 per cent., but advancing to 6 in the final hour.

The bond market was broad, active and firm. Total sales, par value, amounted to $2,500,000. United States bonds were unchanged on call. Total sales of stocks, 1,032,300 shares.

WILL ARRAIGN SCHRANK.

Roosevelt's Would-Be Assassin Will be Arraigned Thursday.

Milwaukee, Wis., Nov. 5. — John Schrank, who attempted to assassinate Roosevelt, will be arraigned in Municipal Court to enter a plea of guilty or not guilty either Thursday or Friday, according to announcement at the district attorney's office today. As soon as his plea is entered, a commission of alienists probably will be appointed to make a formal inquiry into Schrank's mental condition.

WILSON AND MARSHALL GET ENORMOUS VOTE

(Continued from Page One.)

impossible. On the vote for President, incomplete returns gave Roosevelt 85,513; Wilson, 63,553; Taft, 62,294.

The Congressional race in seven of the 12 Michigan districts still is in doubt, as also was the make up of the next State Legislature which will elect a successor to United States Senator William Alden Smith.

Ferris, Democrat, for Governor, will have a plurality of probably 10,000 to 12,000, but the remainder of the State ticket apparently will be Republican by a safe margin.

North Dakota

Grand Forks, N. D., Nov. 6.—A conservative estimate based on returns received from practically one-third of the 1,702 precincts in the State place the probable total vote as Taft, 25,000; Wilson, 35,000; Roosevelt, 27,000; Debs, 6,500; Chafin, 6,000.

"Fight Just Begun"—Dixon

New York, Nov. 6.—"We have ended the fight, but the fight has just begun," said Senator Dixon, chairman of the Progressive National Committee, today. "We shall not waste any time over yesterday's election, but shall begin at once the work of getting the new party in shape to accomplish results in the future. We have won second place as a party in the Nation. What that really means is not realized, but when we go to Washington and ask recognition in Federal patronage and on all boards and committees which are apportioned between the two leading parties, our status will be made clear.

"Our plans for the immediate future will be decided at the meeting of the Progressive National Committee which I have called for December 10, at Chicago. We will then take up the question of our representation in Congress and what is to be done to increase the number of our men there two years hence. With the election machinery in most States under our control jointly with the Democratic party we should then be able to accomplish much more than in this election."

Wilson Leads In Minnesota

St. Paul, Minn., Nov. 6.—With one-third of the ballots cast in the general election in Minnesota counted tonight, Wilson leads Roosevelt by a substantial margin. President Taft is in third place. One thousand precincts give Wilson a plurality over Roosevelt of 1,600 votes. Wilson apparently has carried the State, although many county precincts are to be heard from.

Governor Adolph Eberhart, Republican, on returns from 2,500 precincts, leads Ringdahl, Democrat, for Governor, by more than 12,000. Eberhart's election and that of the rest of the Republican State ticket virtually is conceded.

Wilson Carries Nevada

Reno, Nev., Nov. 6.—With 124 of the 251 precincts of Nevada heard from, Governor Wilson apparently carried the State by 1,800. Pittman, Democrat, leads in the preferential vote for United States Senator.

The vote for President stands: Wilson 4,427, Roosevelt 3,056, Debs 2,007, Taft 1,582.

The Result In California

San Francisco, Cal., Nov. 6.—Apparently Governor Wilson has carried California by a plurality of 12,000, based on returns from 3,128 precincts out of 4,372 in the State, which gave Wilson 321,506, Roosevelt 212,942, Debs 55,846, Chafin 12,194.

The result in three Congressional districts, the First, Seventh and 11th, remain in doubt, but with the Democratic candidate leading in each. Should these close contests be decided in favor of the Democratic nominees, California will send a Congressional delegation composed of four Democrats, four Republicans and three Progressives, a Democratic gain of three.

A feature of the returns is the strength shown by Debs, Socialist candidate for President. If his present ratio is maintained, he will have received a total of 85,000 or more votes in the State.

Two Socialists for Congress, J. Stitt Wilson, in the Sixth district, and Ralph C. Criswell in the Ninth—made unexpectedly good runs. Criswell may yet overturn the slight margin by which Charles W. Bell, Progressive, leads him in the Ninth.

Returns show the Progressives will have an overwhelming majority in both Houses of the Legislature.

Taft Not Discouraged

Columbus, Ohio, Nov. 6.—Defeated, but far from discouraged, President Taft already has formed plans for holding together and strengthening the Republican party. The plans are indefinite and still vague, but he declared tonight to friends who accompanied him north from Cincinnati that the party will continue to exist; that it will be as active as in the past and that there is no reason to believe that its chances of future success were not excellent.

So far as the President's plan is concerned, he hopes to see organized a "National Republican Club" entirely apart from the Republican National Committee, which shall cherish the principles of the party and be a source of political activity not only during election years, but at all times.

To a suggestion that he might be the Republican party's nominee in 1916, the President replied with a smile, but made no comment. He laughingly repeated his intention of returning to Cincinnati for the practice of law.

The President is convinced that the task of President-elect Wilson will not be easy. He said tonight he earnestly hoped Mr. Wilson would not call an extra session of Congress to revise the tariff. He wished, he said, to see the present prosperity continue as long as possible.

Mr. Taft declared that Mr. Wilson would face a Congress made up to a large extent of untried men who have come to believe in "historic publicity" and who believe that to show their faith with the people they must at times be "insurgents" and oppose the programme of the leaders.

The President was particularly interested in any tariff revision and laughed when he said he was eagerly awaiting the Democratic efforts to reduce the schedules of that "iniquitous Payne-Aldrich law."

Asked if he did not consider Mr. Wilson more conservative than radical, the President told the following story about Senor Diaz, head of the radical party in Cuba:

"Diaz was campaigning once," said the President, "and was accused of being a Conservative. 'I am not a Conservative,' said Diaz, 'I am a radical. I must speak as a radical on the platform to keep my followers, but in office I am not a radical.'"

The President left Columbus at 5:40 o'clock for Washington. He expected to stay there with but a few trips away from the White House until March 4th.

He announced today that he will not visit the Panama canal during the Christmas holidays as he had planned and authorized Congressman Sherley, of Kentucky, a caller on his private car, who was en route to Panama, to give Colonel Goehals his "kind regards."

Even in the moments when it became apparent that Governor Wilson was going to win President Taft did not forget his philosophy and good humor. Here is a story of how the President looked at the situation just about that time, told by a friend today:

"We've got to find some comfort in this," the President is reported to have said. "I'll be very glad to ride down Pennsylvania avenue with President Wilson. It would not have been so easy if things had been different, but I would have taken the ride just the same."

T. R. Ahead in South Dakota.

Sioux Falls, S. D., Nov. 6.—At 3 P. M. partial returns from 45 of 61 counties in South Dakota gave Roosevelt 19,895; Wilson 18,644. Johnson, Democrat, for Governor, received 19,736; Burne, Republican 18,222.

Many precincts strongly Roosevelt have not been heard from.

Wilson Leads in Minnesota.

St. Paul, Minn., Nov. 6.—Unofficial returns at 3 o'clock from 963 precincts out of 3,963 in the State, showed Taft 34,168; Wilson 47,304; Roosevelt 46,541.

For Governor, 2,021 precincts out of 3,963: Eberhart 52,031; Ringdahl 42,258; Collins 11,253. These figures include Minneapolis, but not St. Paul.

Very Close in Iowa.

Des Moines, Ia., Nov. 6.—Almost complete returns this afternoon from 23 out of 99 counties in the State give Taft 23,747; Wilson 36,487; Roosevelt 36,175.

Pennsylvania for Teddy.

Philadelphia, Nov. 6.—Returns from 4,838 election districts out of 6,592 in Pennsylvania give Taft 229,087; Wilson 300,937; Roosevelt 326,478.

Among the missing districts are more than 200 in Allegheny county, which are expected to increase the Roosevelt plurality.

For Wilson and McGovern.

Milwaukee, Wis., Nov. 6.—That Wilson carried Wisconsin is generally accepted, but Governor Francis E. McGovern, Republican, according to figures available tonight, will retain office for a second term. Wilson's plurality is variously estimated at from 15,000 to 30,000 over Taft. Chairman George E. Scott, of the Republican State Central Committee, declared this evening he had received reports from 63 of the 71 counties and is warranted in claiming the State for McGovern by at least 5,000. Others place the figures at 2,000. McGovern's victory means the election of the rest of the Republican State ticket. McGovern will have with him a Republican Legislature.

Official Illinois Vote

Chicago, Nov. 6.—Roosevelt, according to the complete count in Cook county, has a plurality over Wilson of 38,257, which apparently disposes of any hope that Wilson adherents might have had that their candidate would overtake Roosevelt in the Illinois down-State vote.

The total vote in Cook county for President is:

Taft 79,924, Roosevelt 176,480, Wilson 138,223, Chafin 3,227, Debs 57,701.

1,359 precincts out of 2,788 precincts in Illinois outside Cook county give Taft 84,399, Wilson 131,627, Roosevelt 118,338.

The same precincts in 1908 gave Taft 211,028, Bryan 145,027.

Wilson May Get Kansas

Topeka, Kas., Nov. 6.—More complete returns this afternoon have narrowed the race for President in Kansas to a very close margin. As the counties report their complete returns Roosevelt's lead has been reduced and he now is running second. Wilson has carried counties that hitherto have been solidly Republican.

Some big counties conceded to Roosevelt are yet to report their returns, but the trend appears to be favorable to Wilson.

Definite figures by precincts are not available, but late returns show that Wilson has carried 12 counties that were carried by Taft in 1908, as follows:

Lane, Wabaunsee, Jefferson, Anderson, Coffey, Pottowatomie, Reno, Lincoln, Stafford, Jackson, Mitchell and Miami.

Pottowatomie county is carried by Wilson by 300; Reno by 624 and Jackson, carried by Taft by 707, is carried by Wilson by 503 votes.

Colorado's Plurality 47,000.

Denver, Colo., Nov. 6.—A Democratic Presidential plurality of 47,000 in Colorado is predicted tonight, based upon returns thus far received. Complete returns from 345 precincts, including 104 from Denver, gave Wilson 31,257; Taft 14,535; Roosevelt 19,860.

If the rest of the 1,412 precincts cast an equally heavy vote and show the same proportions, the total vote for the State will be 270,000, with a plurality for Wilson over Roosevelt of over 47,000, and over Taft of 70,000.

For Governor shows: Ammons, Democrat 24,634; Costigan, Progressive 13,688; Parks, Republican, 12,531. Geo. J. Kindel, Democrat in the First district, and H. H. Eskdomridge, Democrat in the Second district, are elected to Congress.

The Democrats will control the next Legislature, which will elect two United States Senators. Governor John F. Shafroth and Charles S. Thomas won in the preferential vote for the Senate.

State-wide prohibition voted upon as an amendment to the constitution was defeated by a majority estimated at from 20,000 to 40,000.

50,000 Majority in Georgia.

Atlanta, Ga., Nov. 6.—Woodrow Wilson's majority in Georgia will go over 50,000, according to consolidated returns from 125 of the 146 counties of the State in hand tonight. The combined Republican and Progressive vote is expected to not exceed 26,000 as against the 41,692 polled for Taft in 1908. The figures so far received give Wilson 73,895; Roosevelt 18,741; Taft 5,216; Debs 568; Chafin 31.

Only four counties were carried by Roosevelt, Cherokee, Haralson, Pickens and Paulding. None went to Taft.

AT THE UNIVERSITY

Debating Union Organized — Other News Notes of Interest

(Special Star Correspondence.)

Chapel Hill, N. C., Nov. 6.—A movement of Statewide significance had its rise at the State University this week in the form of an organization of a "North Carolina High School Debating Union." The two societies of the University evolved the plan, and expressed as its purpose the stimulation of greater interest in debating and encouragement of inter-school debating among the secondary schools of the State. Towards the accomplishment of this end more than 375 letters have been sent to the high and graded schools of the State urging their co-operation. The plan provides for a triangulary debate between schools of the same standing and convenience of location. The two societies of the University will suggest the query and provide, from the University library in pamphlet form, material covering both sides of the question, free of cost. Each school will send out a team to debate the negative side of the query and keep a team at home to debate the affirmative side. The schools winning both sides of the debate will be entitled to send both teams to Chapel Hill where the contest will be held to determine the two teams that shall contest in the final debate for the State championship. The school winning the debate in the finals will be awarded the "Aycock Memorial Cup," with the name of school and the members of the team engraved on it. If a school should win the cup for two successive years it becomes that school's property.

The new educational building, a gift of the Peabody Fund, is nearing completion and will be ready for occupancy the first of 1913. The Peabody Fund contributed $40,000.00 towards its erection. It is a handsome structure and will be a credit to the educational department of the University as well as to North Carolina.

The preliminaries for Carolina's first inter-collegiate debate for the college year will be held November 19th. The debate is with Washington and Lee University, of Lexington, Va., about the middle of December. The contest will be held either at Lexington or Lynchburg, Va.

What is considered to be the first definite step towards the restoration of athletic relations between all the colleges of North Carolina was taken in Raleigh recently in the organization of an inter-collegiate basketball league. All of the leading colleges of the State formed the league with the agreement of playing a series of two games with each college. This evident sign of restoring athletic peace amongst the colleges of the State has been received everywhere with commendation, and as a sign of good omen for all interested.

RELIEF ON 'CHANGE

Stock Market Picks Up After Getting Wilson's Statement

New York, Nov. 6.—After an early period of uncertainty today's stock market suddenly forged upward on a very large volume of business, recording net gains of 2 to 4 points in many of the more important issues. To what extent the rise was prompted by yesterday's election or to the great prosperity of the country or perhaps to a congregation of these conditions must remain a matter of conjecture. It is noteworthy, however, that the market was at its best in the final hour, when a statement, accepted by the financial community as most reassuring, was issued by the President-elect.

London and the continent were purchasers of our stocks, both in their own markets and later here. Public and private advices from abroad were of a tenor to indicate that the financial interests of Europe had substantially discounted yesterday's political upheaval and were prepared to accept the outcome with complacency. These advices were supplemented by the favorable comment of local banking and industrial interests. Over all was a feeling of relief that henceforward politics would cease to be a paramount factor.

SENT HIS VOTE BY MAIL

Taft Manager Takes Advantage of Unique Kansas Statute

Chicago, Nov. 5.—David W. Mulvane, manager of the Taft Western headquarters, yesterday sent his vote by mail to his home in Topeka, Kas. A unique Kansas statute allows this privilege and Mr. Mulvane was obliged to take advantage of it because his duties as campaign manager prevented his returning home.

Mr. Mulvane marked a sample ballot with his choice for the various offices at stake in the Kansas election, swore to the validity of his ballot, and the ballot, properly witnessed and indorsed, was mailed to the county clerk at Topeka, whose duty it was to turn the ballot over to the election officials in Mr. Mulvane's precinct.

Today the ballot was put into the poll box and counted with the votes cast.

A Great Deal

is said these days about scientific management and increased efficiency in business. This bank is constantly working for greater efficiency in its own work, and urges similar efforts on the part of its customers.

Our experience has been that the proper use of banking facilities is one of the chief aids to business efficiency
